

AeroVironment Announces Fiscal 2023 First Quarter Results

September 7, 2022 8:10 PM EDT

ARLINGTON, Va.--(BUSINESS WIRE)--Sep. 7, 2022-- [AeroVironment, Inc.](#) (NASDAQ: AVAV), a global leader in intelligent, multi-domain robotic systems, today reported financial results for the first quarter ended July 30, 2022.

First Quarter Highlights

- First quarter revenue of \$108.5 million, up 7% year-over-year
- First quarter gross margin of \$33.7 million, an increase of 17% year-over-year; gross margin percentage rose approximately 300 basis points, to 31%
- First quarter net loss attributable to AeroVironment of \$(8.4) million and non-GAAP adjusted EBITDA of \$13 million
- Strong August bookings resulted in record funded backlog of \$307.6 million as of August 27, 2022

"The company achieved first quarter results in line with expectations, and we are reaffirming our fiscal 2023 guidance as shared last quarter," said Wahid Nawabi, AeroVironment chairman, president and chief executive officer. "We're excited about the traction we're receiving in the market, underscored by recent Switchblade orders and award of the U.S. Army's Future Tactical UAS Increment 1. Even though backlog was flat relative to last quarter, strong August bookings have led to a record funded backlog.

"Overall, we are successfully managing ongoing supply chain challenges and are well positioned for continued value creation due to strong demand across nearly all our product lines led by heightened global interest in our Switchblade Tactical Missile Systems, Small Unmanned Aircraft Systems, and Medium Unmanned Aircraft Systems product lines."

FISCAL 2023 FIRST QUARTER RESULTS

Revenue for the first quarter of fiscal 2023 was \$108.5 million, an increase of 7% from the first quarter of fiscal 2022 revenue of \$101.0 million. The increase in revenue reflects an increase in product sales of \$4.9 million and an increase in service revenue of \$2.6 million. The increase in revenue was primarily due to increases in revenue in the Tactical Missile Systems ("TMS") segment of \$3.8 million, All Other segment of \$3.6 million primarily due to an increase in customer-funded research and development revenue and the Small Unmanned Aircraft Systems ("Small UAS") segment of \$3.3 million. These increases were partially offset by a decrease in revenue from the Medium Unmanned Aircraft Systems ("MUAS") segment of \$3.1 million.

Gross margin for the first quarter of fiscal 2023 was \$33.7 million, an increase of 17% from the first quarter of fiscal 2022 gross margin of \$28.7 million. The increase in gross margin reflects higher product margin of \$4.5 million and higher service margin of \$0.4 million. As a percentage of revenue, gross margin increased to 31% from 28%. Gross margin was negatively impacted by \$3.0 million of intangible amortization expense and other related non-cash purchase accounting expenses in the first quarter of fiscal 2023 as compared to \$4.0 million in the first quarter of fiscal 2022.

Loss from operations for the first quarter of fiscal 2023 was \$3.3 million, a decrease of \$8.8 million from the first quarter of fiscal 2022 loss from operations of \$12.1 million. The decrease in loss from operations was primarily the result of a decrease in selling, general and administrative ("SG&A") expense of \$5.2 million and an increase in gross margin of \$5.0 million, partially offset by an increase in research and development ("R&D") expense of \$1.3 million. The decrease in SG&A expense reflects a decrease in acquisition-related expenses of \$2.9 million and a decrease in intangible amortization expense and other related non-cash purchase accounting expenses of \$1.2 million.

Other expense, net, for the first quarter of fiscal 2023 was \$2.0 million, as compared to other expense, net of \$1.6 million for the first quarter of fiscal 2022, primarily due to an increase in interest expense resulting from an increase in interest rates.

Provision for income taxes for the first quarter of fiscal 2023 was \$2.6 million, as compared to a benefit from income taxes of \$(1.0) million for the first quarter of fiscal 2022. The increase in provision for income taxes was primarily due to changes in the full fiscal year projected effective income tax rate.

Equity method investment loss, net of tax, for the first quarter of fiscal 2023 was \$0.5 million, as compared to \$1.1 million for the first quarter of fiscal 2022. Subsequent to the sale of the equity interest in HAPSMobile during the three months ended April 30, 2022, equity method investment loss, net of tax only relates to activity from investments in limited partnership funds.

Net loss attributable to AeroVironment for the first quarter of fiscal 2023 was \$8.4 million, or \$(0.34) per diluted share, as compared to \$14.0 million, or \$(0.57) per diluted share, for the first quarter of fiscal 2022.

Non-GAAP loss per diluted share was \$(0.10) for the first quarter of fiscal 2023, as compared to \$(0.17) for the first quarter of fiscal 2022.

BACKLOG

As of July 30, 2022, funded backlog (defined as remaining performance obligations under firm orders for which funding is currently appropriated to the Company under a customer contract) was \$203.9 million, as compared to \$210.8 million as of April 30, 2022. As of August 27, 2022, funded backlog was \$307.6 million.

FISCAL 2023 — OUTLOOK FOR THE FULL YEAR

For the fiscal year 2023, the Company continues to expect revenue of between \$490 million and \$520 million, net income of between \$11 million and \$18 million, Non-GAAP adjusted EBITDA of between \$82 million and \$92 million, earnings per diluted share of between \$0.42 and \$0.72 and non-GAAP earnings per diluted share, which excludes amortization of intangible assets and other non-cash purchase accounting expenses, of between \$1.35 and \$1.65.

The foregoing estimates are forward-looking and reflect management's view of current and future market conditions, subject to certain risks and uncertainties, and including certain assumptions with respect to our ability to efficiently and on a timely basis integrate our acquisitions, obtain and retain government contracts, changes in the timing and/or amount of government spending, changes in the demand for our products and services, activities of competitors, changes in the regulatory environment, and general economic and business conditions in the United States and elsewhere in the world. Investors are reminded that actual results may differ materially from these estimates.

CONFERENCE CALL AND PRESENTATION

In conjunction with this release, AeroVironment, Inc. will host a conference call today, Wednesday, September 7, 2022, at 4:30 pm Eastern Time that will be webcast live. Wahid Nawabi, chairman, president and chief executive officer, Kevin P. McDonnell, chief financial officer and Jonah Teeter-Balin, senior director corporate development and investor relations, will host the call.

New this quarter, investors may access the call by registering via the following participant registration link up to ten minutes prior to the start time.

Participant registration URL: <https://register.vevent.com/register/BI9db32ad42d4b4fd5a1ec1f9a55e658f5>

Investors may also listen to the live audio webcast via the Investor Relations page of the AeroVironment, Inc. website, <http://investor.avinc.com>. Please allow 15 minutes prior to the call to download and install any necessary audio software.

A supplementary investor presentation for the first quarter fiscal year 2023 can be accessed at <https://investor.avinc.com/events-and-presentations>.

Audio Replay

An audio replay of the event will be archived on the Investor Relations section of the Company's website at <http://investor.avinc.com>.

ABOUT AEROVIRONMENT, INC.

AeroVironment (NASDAQ: AVAV) provides technology solutions at the intersection of robotics, sensors, software analytics and connectivity that deliver more actionable intelligence so you can **Proceed with Certainty**. Headquartered in Virginia, AeroVironment is a global leader in intelligent, multi-domain robotic systems, and serves defense, government and commercial customers. For more information, visit www.avinc.com.

FORWARD-LOOKING STATEMENTS

This press release contains "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or imply future results, performance or achievements, and may contain words such as "believe," "anticipate," "expect," "estimate," "intend," "project," "plan," or words or phrases with similar meaning. Forward-looking statements are based on current expectations, forecasts and assumptions that involve risks and uncertainties, including, but not limited to, economic, competitive, governmental and technological factors outside of our control, that may cause our business, strategy or actual results to differ materially from the forward-looking statements.

Factors that could cause actual results to differ materially from the forward-looking statements include, but are not limited to, the impact of our recent acquisitions of Arcturus UAV, Telerob and ISG and our ability to successfully integrate them into our operations; the risk that disruptions will occur from the transactions that will harm our business; any disruptions or threatened disruptions to our relationships with our distributors, suppliers, customers and employees, including shortages in components for our products; the ability to timely and sufficiently integrate international operations into our ongoing business and compliance programs; reliance on sales to the U.S. government and related to our development of HAPS UAS; availability of U.S. government funding for defense procurement and R&D programs; changes in the timing and/or amount of government spending; our ability to perform under existing contracts and obtain new contracts; risks related to our international business, including compliance with export control laws; potential need for changes in our long-term strategy in response to future developments; the extensive regulatory requirements governing our contracts with the U.S. government and international customers; the consequences to our financial position, business and reputation that could result from failing to comply with such regulatory requirements; unexpected technical and marketing difficulties inherent in major research and product development efforts; the impact of potential security and cyber threats or the risk of unauthorized access to our, our customers' and/or our suppliers' information and systems; changes in the supply and/or demand and/or prices for our products and services; increased competition; uncertainty in the customer adoption rate of commercial use unmanned aircraft systems; failure to remain a market innovator, to create new market opportunities or to expand into new markets; unexpected changes in significant operating expenses, including components and raw materials; failure to develop new products or integrate new technology into current products; unfavorable results in legal proceedings; our ability to respond and adapt to unexpected legal, regulatory and government budgetary changes, including those resulting from the ongoing COVID-19 pandemic, such as supply chain disruptions, vaccine mandates, the threat of future variants and potential governmentally-mandated shutdowns, quarantine policies, travel restrictions and social distancing, curtailment of trade, diversion of government resources to non-defense priorities, and other business restrictions affecting our ability to manufacture and sell our products and provide our services; our ability to comply with the covenants in our loan documents; our ability to attract and retain skilled employees; the impact of inflation; and general economic and business conditions in the United States and elsewhere in the world; and the failure to establish and maintain effective internal control over financial reporting. For a further list and description of such risks and uncertainties, see the reports we file with the Securities and Exchange Commission. We do not intend, and undertake no obligation, to update any forward-looking statements, whether as a result of new information, future events or otherwise.

NON-GAAP MEASURES

In addition to the financial measures prepared in accordance with generally accepted accounting principles (GAAP), this earnings release also contains non-GAAP financial measures. See in the financial tables below the calculation of these measures, the reasons why we believe these measures provide useful information to investors, and a reconciliation of these measures to the most directly comparable GAAP measures.

Statement Regarding Non-GAAP Measures

The non-GAAP measures set forth above should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP measures, and may not be comparable to similarly titled measures reported by other companies. Management believes that these measures provide useful information to investors by offering additional ways of viewing our results that, when reconciled to the corresponding GAAP measures, help our investors to understand the long-term profitability trends of our business and compare our profitability to prior and future periods and to our peers. In addition, management uses these non-GAAP measures to evaluate our operating and financial performance.

Non-GAAP Adjusted Operating Income

Adjusted operating income is defined as operating income before intangible amortization, amortization of non-cash purchase accounting adjustments, and acquisition related expenses.

Non-GAAP Earnings per Diluted Share

We exclude the acquisition-related expenses, amortization of acquisition-related intangible assets and one-time non-operating items because we believe this facilitates more consistent comparisons of operating results over time between our newly acquired and existing businesses, and with our peer companies. We believe, however, that it is important for investors to understand that such intangible assets contribute to revenue generation and that intangible asset amortization will recur in future periods until such intangible assets have been fully amortized.

Adjusted EBITDA (Non-GAAP)

Adjusted EBITDA is defined as net income before interest income, interest expense, income tax expense (benefit) and depreciation and amortization including amortization of purchase accounting adjustments, adjusted for the impact of certain other items, including stock-based compensation, acquisition related expenses, equity method investment gains or losses, and one-time non-operating gains or losses. We present Adjusted EBITDA, which is not a recognized financial measure under U.S. GAAP, because we believe it is frequently used by analysts, investors and other interested parties to evaluate companies in our industry. We believe this facilitates more consistent comparisons of operating results over time between our newly acquired and existing businesses, and with our peer companies. We believe, however, that it is important for investors to understand that such intangible assets contribute to revenue generation, intangible asset amortization will recur in future periods until such intangible assets have been fully amortized and that interest and income tax expenses will recur in future periods. In addition, Adjusted EBITDA may not be comparable to similarly titled measures used by other companies in our industry or across different industries.
