MESSAGE AND Q&A WITH AEROVIRONMENT CHAIRMAN, PRESIDENT AND CHIEF EXECUTIVE OFFICER WAHID NAWABI

Our team executed well in the fourth quarter enabling the company to meet our guidance for fiscal 2022, despite ongoing macroeconomic challenges. Given our improved performance and recent global events, we are confident that fiscal 2023 will be a solid organic growth year for the business.

During fiscal 2022, the company continued to face supply chain constraints and a tight labor market, but several factors point to strengthening demand and an overall improving outlook. First, the federal government passed its fiscal 2022 omnibus appropriations bill in March, and contract decision-making has begun to accelerate, which we believe will continue through the end of September 2022. At the same time, the war in Ukraine has brought increased awareness of our portfolio of innovative solutions, including the highly relevant Switchblade tactical missile system, and we anticipate benefiting from higher order volume going forward.

We're proud of our accomplishments in this difficult year and of the assistance we've provided to Ukraine and our allies. We still face continuing macroeconomic challenges in operating the business, but opportunities abound for our broad portfolio of unmanned robotic solutions. Our products and services enjoy strong bipartisan support in Congress, and we anticipate orders accelerating heading into calendar 2023. An improving mix of hardware sales should also lead to improved bottom line results.

Overall, the future looks bright and I'd like to thank our employees, customers and shareholders for their dedication and continued support.

Q) What is the financial impact for AeroVironment as it relates to the war in Ukraine?

A) Due to the Ukraine conflict and other global tensions, our innovative portfolio of solutions is receiving unprecedented awareness and demand. Our Switchblade solutions, in particular, are highly relevant to the current conflict due to their longer range, significant loitering time on target, precision strike and patented waive off capabilities. Recently, the US government has granted us approval to sell Switchblade 300 and Switchblade 600 to more than 20 of our allies around the world and we are now fielding Foreign Military Sales (FMS) and Direct Commercial Sales (DCS) requests from several of these allies. While the timing of related purchase orders is still being finalized, we anticipate a significant positive impact to our 2023 fiscal year and beyond.

Q) When do you expect supply chain conditions to normalize?

A) We expect supply chain constraints to persist through fiscal year 2023 and have taken these constraints into account when setting our guidance. That said, we remain hopeful that the situation will improve throughout the year and in the meantime, we continue to take the steps we can to manage the situation. For example, we are now working directly with component suppliers such as Nvidia and Intel to secure the materials we need. We're similarly working directly with the office of the U.S. Secretary of Defense to prioritize Ukraine related material purchases. We've also decided to buy inventory, when available, ahead of our current forecasted needs to ensure stability of supply. Finally, any slowdown in industries that compete with us for these inputs could improve our material lead times over our current projections.

Q) What is your margin outlook for Fiscal Year 2023?

A) Our adjusted gross margins this year should end up slightly at or above our margins in fiscal 2022. This is mainly driven by a more favorable product mix and higher sales volumes, but somewhat offset by unfavorable impact of increased supply chain costs. We will continue to exercise careful control of expenses in the coming year.

3. Retiring and not standing for re-election at the 2022 annual meeting of stockholders.

PROPOSAL 1. ELECTION OF NOMINEES TO THE BOARD OF DIRECTORS

Our board of directors currently consists of seven members and is divided into three classes of directors serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires and hold office until their resignation or removal or their successors are duly elected and qualified. In accordance with our certificate of incorporation and our bylaws, our board of directors may fill existing vacancies on the board of directors by appointment.

The term of office of the Class I directors, which include Charles Thomas Burbage, Charles R. Holland and Edward R. Muller, will expire at the beginning of the annual meeting. Mr. Holland has determined not to stand for re-election and is retiring from the board when his term expires at the 2022 annual meeting. A vacancy will be created as a result of Mr. Holland's decision not to stand for re-election as a director.

At the recommendation of the Nominating and Corporate Governance Committee, our board of directors proposes the election of Charles Thomas Burbage and Edward R. Muller as Class I directors. The Nominating and Corporate Governance Committee is continuing to identify and evaluate potential additional board members to fill the vacancy created by the departure of Mr. Holland.

Each of Mr. Burbage and Mr. Muller has indicated his willingness to serve if elected. If either Mr. Burbage or Mr. Muller becomes unable to serve or for good cause will not serve, the individuals named as proxies on the

enclosed proxy card will vote the shares that they represent for the election of such other persons as the board may recommend, unless the board reduces the number of directors. There are currently three Class II directors, whose terms expire at the annual meeting of stockholders in 2023, and two Class III directors, whose terms expire at the annual meeting of stockholders in 2024.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named herein. If voting instructions are received, the proxy holders will vote the proxy cards received by them in accordance with the instructions received. In no event may the proxy holders vote for the election of more than two nominees. We have no reason to believe that the nominees will be unable or unwilling to serve if elected as directors.

The principal occupation and certain other information about the nominees, our other directors and our executive officers are set forth on the following pages.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF THE TWO BOARD NOMINEES LISTED ABOVE.

Abstentions will be counted as present for the purposes of this vote but are not counted as votes cast. Broker non-votes will not be counted as present and are not entitled to vote on this proposal.

Election Process and Voting Standard

There are no limits on the number of terms a director may serve. We believe term limits may cause the loss of experience and expertise important to the effective operation of our board of directors. However, to ensure that the board remains composed of high-functioning members able to keep their commitments to board service, the Nominating and Corporate Governance Committee evaluates the qualifications and considers the performance of each incumbent director before recommending the nomination of that director for an additional term. The Class I directors will be elected on a majority vote standard basis, meaning that each of the three nominees must receive a vote of a majority of the total votes cast with respect to such nominee's election (i.e. the number of votes cast "for" a nominee's

election exceeds the number of votes cast "against" that nominee's election) to be elected as a director. Our Corporate Governance Guidelines, require, following any stockholder meeting at which directors are subject to an uncontested election, any incumbent director who fails to receive a majority of votes cast at the meeting to submit, promptly after the final certification of the election results, a letter of resignation to the board of directors for consideration by the Nominating and Corporate Governance Committee of the board. The Nominating and Corporate Governance Committee shall consider the offer of resignation and recommend to the board of directors whether to accept or reject the resignation, or whether other action should be taken. The board of directors shall act on the

Nominating and Corporate Governance Committee's recommendation within one hundred (100) days following the final certification of the election results and publicly disclose its decision, and the reasons for such decision if such offer of resignation is rejected.

In addition, pursuant to our Corporate Governance Guidelines, a director whose job responsibilities

materially change since his or her last election as a director may be asked to submit a letter of resignation to the board. The board may request such a resignation letter if continuing service on the board by the individual is not consistent with the criteria deemed necessary for continuing service on the board.

Director Nominations

The Nominating and Corporate Governance Committee is responsible for identifying and evaluating nominees for director and for recommending to the board a slate of nominees for the class of directors to be elected at each annual meeting of stockholders. Nominees may be suggested by directors, members of management or stockholders.

Stockholders who would like the Nominating and Corporate Governance Committee to consider their

recommendations for nominees to the board of directors should submit their recommendations in writing by mail to the Nominating and Corporate Governance Committee in care of the Office of the Corporate Secretary, AeroVironment, Inc., 241 18TH Street South, Suite 415 Arlington, VA 22202 or by email to corporatesecretary@avinc.com. Recommendations by stockholders that are made in accordance with these procedures will receive the same consideration as other nominees.

DIRECTOR QUALIFICATIONS AND INDEPENDENCE

Directors are responsible for overseeing the company's business consistent with their fiduciary duties to stockholders. This significant responsibility requires highly skilled individuals with diverse qualities, attributes and professional experience. The board believes that there are general requirements that are applicable to all directors and other skills and experience that only need

to be represented on the board as a whole, but not necessarily possessed by each director. The board and the Nominating and Corporate Governance Committee carefully consider the qualifications of directors and director candidates individually and in the broader context of the board's overall composition and the company's current and future needs.

Qualifications Required of All Directors

In its assessment of each potential director nominee, the Nominating and Corporate Governance Committee considers the nominee's judgment, integrity, experience, independence, understanding of the company's business or related industries and such other factors as the Nominating and Corporate Governance Committee determines are pertinent in light of the current needs of the board. The Nominating and Corporate Governance Committee also takes into account the ability of a potential nominee to devote the time and effort necessary to fulfill the responsibilities of a director to the company. The board and the Nominating and Corporate Governance Committee require that each director be a recognized person of high integrity, ethics and values, have a proven record of success and demonstrate respect for sound corporate governance requirements and practices. Each director must also possess practical and mature business judgment, as well as demonstrate innovative thinking and an entrepreneurial spirit—all qualities that the board believes are essential to its ability to maintain the company's culture of innovation. In addition, the board conducts interviews of potential director candidates to assess intangible qualities, including the individual's ability to ask difficult questions while maintaining collegiality.

Specific Qualifications, Attributes, Skills and Experience to Be Represented on the Board

The board has identified the following qualifications, attributes, skills and experience listed in the bullets below as important for the board to possess as a

whole, in light of the company's current needs and business priorities:

Independence Determinations

Under the listing standards of The Nasdaq Stock Market LLC (“Nasdaq”), and the company’s Corporate Governance Guidelines, the board must consist of a majority of independent directors. In making independence determinations, the board observes Nasdaq and the Securities and Exchange Commission (“SEC”) criteria and considers all relevant facts and circumstances. To be considered independent under Nasdaq listing standards, a director must pass certain objective tests, such as not being an executive officer or employee of the company or having certain business dealings with the company. Additionally, Nasdaq independence standards include a subjective test that requires our board to make a subjective determination that an individual has no relationships that in the opinion of the company’s board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The board undertook a review of the independence of each director and considered whether such director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities as a director. Based upon information requested from and provided by each director regarding his or her business and personal activities and relationships as they may relate to us and our management, including the beneficial ownership of our capital stock by each non-employee director and the transactions involving them described in the section entitled “Related Party

Transactions—Certain Transactions and Relationships,” the board has determined that each of Charles Thomas Burbage, General (Retired) Charles R. Holland, Cindy K. Lewis Catharine Merigold, Edward R. Muller and Stephen F. Page qualify as independent directors in accordance with the Nasdaq listing standards and Rules 10C-1 and 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

In evaluating director independence, the board took into consideration General (Retired) Charles R. Holland’s service as a consultant to the company. Pursuant to a consulting agreement with the company effective January 1, 2016 and its subsequent amendments, Mr. Holland performed consulting services for us on a general basis and with respect to particular individual projects assigned by us. During the fiscal year ended April 30, 2022, we paid to Mr. Holland approximately \$32,500 in consulting fees pursuant to the terms of his consulting agreement.

The company executed a new one-year consulting agreement with Mr. Holland effective July 15, 2022. Mr. Holland has no relationship with the company, including his consulting arrangement with the company, that would interfere with his exercise of independent judgment in carrying out his responsibilities as an independent director. Mr. Holland is retiring from the board and is not standing for re-election at the 2022 annual meeting.

The company looks forward to Mr. Holland's continued service as a consultant to the company. Due to his decision to not stand for re-election at the 2022 annual meeting, Mr. Holland has been excluded from the biographies and qualifications, attributes, skills and experiences disclosures below.

CORPORATE GOVERNANCE

Board of Directors and Committees

Our board of directors functions in a collaborative manner and all directors play an active role in overseeing the company's business both at the board and committee levels. The 2022 director nominees consist of two Class I director nominees, each of whom is an independent director and each of whom has significant executive leadership experience and knowledge of the company's industry. Mr. Holland's retirement from the board at the 2022 annual meeting will create a vacancy in Class I. The Nominating and Corporate Governance Committee is working to identify and evaluate candidates to fill such vacancy.

Pursuant to our bylaws, our board must annually elect one of its members to serve as Chairman of the Board, who shall preside over meetings of the board and stockholders, consult and advise the board and its committees on the business and affairs of the company, and perform such other duties as may be assigned by the board. Our bylaws also require the board to designate annually an independent director to serve as the Lead Independent Director if the Chairman of the Board is not an independent director. The designation of a Lead Independent Director is for a one-year term and a Lead Independent Director may be eligible for re-election at the end of that term. Designation as such does not impose on the Lead Independent Director any obligation or standard greater than or different from those of the company's other directors. The Lead Independent Director has the following roles and responsibilities:

- presides at all meetings of the board or stockholders at which the Chairman of the Board is not present;
- serves as a liaison on board-related issues between the Chairman of the Board and the independent directors;
- reviews and provides input to the Chairman of the Board regarding the nature, scope and timeliness of information that management provides to the board;
- reviews and provides input to the Chairman of the Board regarding the agendas for board meetings and the annual schedule of board meetings;
- presides at meetings of the independent directors and apprises the Chairman of the Board of the issues discussed, as appropriate; and
- performs such other duties as the board may from time to time delegate.

Our officers, under the direction of our Chief Executive Officer, are generally in charge of the day-to-day affairs of the company, subject to the powers reserved to the board.

As set forth in the company's Corporate Governance Guidelines, regularly scheduled executive sessions of independent directors are held at least twice per year. In addition, the non-employee directors also hold regular executive sessions. These meetings allow our independent and non-employee directors to discuss issues of importance to the company, including the business and affairs of the company, as well as matters concerning management, without any member of management present. Independent directors chair all of the board committees (except our Executive Committee), which are described below.

Board Leadership Structure

We do not have a formal policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer. The company's governance framework provides the board with flexibility to select the appropriate leadership structure for long-term success of the company. In making leadership structure determinations, including whether to separate or combine the Chairman of the Board and Chief Executive Officer roles, the board considers many factors, including the specific needs of the business and what is in the best interests of the company's stockholders.

Our current leadership structure is as follows:

- Chairman of the Board and Chief Executive Officer: Wahid Nawabi
- Lead Independent Director: Edward R. Muller
- Committees led by independent directors
- Active engagement by all directors

The board believes that this leadership structure, consisting of a combined Chairman of the Board and Chief Executive Officer, an independent director serving as Lead Independent Director and strong, active independent directors, is the optimal structure to guide our company and maintain the focus required to achieve our business goals. The board believes this structure provides an effective balance between strong company leadership and appropriate safeguards and oversight by independent directors. It provides a single leader who is understood by our employees, customers, business partners, and stockholders as providing strong leadership for the company, which

enhances our ability and agility to manage resources and provides the focus required to implement our complex business strategy.

The Board's Role in Strategy Oversight

Our board of directors is actively involved in overseeing our strategy and its execution. In addition to discussing business goals and priorities and broader strategic issues regularly, the board engages with management on future opportunities for the company and how emerging trends, technologies and global developments may impact the company, our customers and business partners, end markets and our stakeholders and how the company should navigate such matters. Our board of directors guides our strategic direction and helps ensure our business strategies align to long-term value creation.

The Board's Role in Risk Oversight

Our board of directors is responsible for overseeing our risk management and delegates many of these functions to the Audit Committee, which reports regularly to the board. Under its charter, the Audit Committee is responsible for discussing with management the company's policies with respect to risk assessment and risk management. The committee is chartered to discuss with management our significant risk exposures and the actions management has taken to limit, monitor or control such exposures. In addition to the Audit Committee's work in overseeing risk management, our full board engages in discussions of the most significant risks that we face and how these risks are being managed. Our Compensation and Nominating and Corporate Governance Committees are also involved in evaluating risks that fall within the purview of those committees' responsibilities.

The Board's Role in Environmental, Social and Governance (ESG) Matters Oversight

Our board of directors provides oversight of ESG matters and regularly receives reports from our ESG Committee. Formed in 2020, the company's ESG Committee, which is comprised of members of senior management and other functional area leaders, set goals regarding ESG matters, direct ESG initiatives, and reviews progress on ESG matters with the board.

In 2022, the ESG Committee, with support of the board, commissioned the company's first Corporate Social Responsibility report, which will be available on our website when published. The Compensation Committee of the board also included an ESG metric for the 2022 executive bonus plan. Company

management included the same ESG metric in the 2022 bonus plan for non-executive employees as well.

The Board's Role in Human Capital Management

The board acknowledges that our employees are the company's most valuable asset and the driving force behind our success, and seeks to ensure that the company is known for cultivating a positive and welcoming work environment—one that fosters growth, provides a safe place to work, supports diversity and embraces inclusion. Our board of directors believes that a diverse and inclusive workforce is a major catalyst for driving innovation and an important aspect of our ESG efforts.

Executive Committee

Committee Chair: Wahid Nawabi
Other Committee Member: Charles Thomas Burbage
Meetings held in FY 2022: 1

Our Executive Committee's purpose is to exercise the powers of the board of directors when the board is not in session, subject to specific restrictions as to powers retained by the full board of directors or delegated to other committees of the board of directors. Powers retained by the full board of directors include those relating to amendments to our certificate of incorporation and bylaws, mergers, consolidations and sales or exchanges involving substantially all of our assets.

Board Self-Evaluations

The board of directors conducts annual self-evaluations to assess the qualifications, attributes, skills and experience represented on the board and to determine whether the board and its committees are functioning effectively. During the year, the Nominating and Corporate Governance Committee receives input on the board and committee performance from directors and discusses the input with the full board. The self-assessment focuses on the board's contribution to the company and on areas in which the board believes that the board or any of its committees could improve.

Communication with the Board

The board has established a process to facilitate communication with stockholders and other interested

parties. Communications can be addressed to the directors in care of the Corporate Secretary, 241 18th Street South, Suite 415, Arlington, VA 22202 or by email to corporatesecretary@avinc.com. At the direction of the board, all mail received may be opened and screened for security purposes. The board of directors has requested that certain items that are unrelated to the duties and responsibilities of the board of directors should be excluded, including the following: junk mail and mass mailings; product complaints; product inquiries; new product suggestions; resumes and other forms of job inquiries; surveys; and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be distributed, with the provision that any communication that is not distributed will be made available to any independent director upon request. Mail addressed to a particular director will be forwarded or delivered to that director. Mail addressed to "outside directors" or "non-employee directors" will be forwarded or delivered to the Lead Independent Director. Mail addressed to the "board of directors" will be forwarded or delivered to the Chairman of the Board.

Commitment to Good Corporate Governance

The board has adopted various policies and guidelines as part of the company's commitment to good corporate governance. Examples of such policies include:

- anti-hedging and anti-short sale policies for executives, directors and employees which prohibit the use any strategies or products (including derivative securities, such as put or call options, or short-selling techniques) to hedge against potential changes in the value of our common stock;
- share ownership guidelines and share retention policy for executives and directors; and
- a compensation recovery policy for executives.

Board Diversity

Although the board does not have a formal policy regarding diversity, the Nominating and Corporate Governance Committee's evaluation of director nominees includes consideration of their ability to contribute to the diversity of personal and professional experiences, opinions, perspectives and backgrounds on the board. Nominees are not discriminated against based on race, color, religion, sex, ancestry, national origin, sexual orientation, disability or any other basis prescribed by law. The Nominating and Corporate Governance Committee assesses the effectiveness of this approach as part of its review of the board's composition as well as in the course of the board's and Nominating and Corporate Governance Committee's self-evaluation. With the assistance of the Nominating and Corporate Governance Committee, the Board regularly reviews trends in board composition, including on director diversity.

DIRECTOR COMPENSATION

Compensation of Non-Employee Directors

The general policy of our board of directors is that compensation for non-employee directors should be delivered through a mix of cash and equity-based pay. We do not pay management directors for board service in addition to their regular employee compensation. Our Compensation Committee, which consists solely of independent directors, has the primary responsibility for reviewing and considering any revisions to director compensation. The board of directors reviews the Compensation Committee's recommendations and determines the amount of director compensation.

The Compensation Committee engages an independent compensation consultant, Pay Governance LLC ("Pay Governance"), a national compensation consulting firm, to assist it in reviewing

director compensation. In June 2021, Pay Governance prepared a report for the Compensation Committee with non-employee director compensation data of peer companies identified by Pay Governance, which the Compensation Committee and the board of directors used in setting non-management director compensation for fiscal year 2022. In June 2021, based on the compensation data provided by Pay Governance, the Compensation Committee recommended, and the board determined, to increase the annual cash retainer fees and size of the annual restricted stock awards provided to the non-management directors as described below, effective commencing in fiscal year 2022.

The table below presents the annual cash retainer fees for our non-employee directors in effect in fiscal year 2022.

Director Responsibilities	Annual Retainer
Board Members	\$60,000
Lead Independent Director	\$20,000
Chair of Audit Committee	\$20,000
Audit Committee Member (not including Chair)	\$10,000
Chair of Nominating and Corporate Governance Committee	\$10,000
Nominating and Corporate Governance Committee Member (not including Chair)	\$ 5,000
Chair of Compensation Committee	\$15,000
Compensation Committee Member (not including Chair)	\$ 7,000

Annual retainer amounts are paid in four equal quarterly installments at the beginning of each of our fiscal quarters if the individual is still serving as a director at such time. We also reimburse non-employee directors for out-of-pocket expenses incurred in connection with their service as a director, such as attending board or committee meetings. We also pay for travel and hospitality costs for the spouses of directors to accompany such directors to an offsite board meeting, which expenses did not exceed \$10,000 in fiscal year 2022 for any director.

In addition to cash retainer fees, our non-employee directors also receive an annual grant of restricted stock, which awards vest in three equal annual installments over a three-year period beginning approximately one year from the date of grant. Based on the report provided by Pay Governance in June 2021 and a review of the peer company data in such report, the Compensation Committee recommended, and the board approved, an annual

grant of restricted stock awards with an aggregate value of \$130,000 to each non-management director for their fiscal year 2022 service. These annual awards for fiscal year 2022 service were granted in July 2021 to our non-employee directors serving as directors at such time. Such awards vest in three equal installments on July 11, 2022, 2023 and 2024. The number of shares subject to such awards was calculated on the date of grant based on the closing price per share of our common stock on such date. Newly elected or appointed non-employee directors will be granted restricted stock awards with an aggregate value of \$170,000 on the date of grant (measured by the closing price per share of our common stock subject to the awards on the date of grant). Ms. Lewis was granted her new director restricted stock award in October 2021 in connection with her commencement of service on the board, which award vests in equal installments on each of October 5, 2022, 2023 and 2024. Based on the analysis provided by Pay

DIRECTOR COMPENSATION

Governance, the annual and new director equity grant values were determined by the board to be competitive with non-employee director annual equity awards at comparable companies based on discussions with Pay Governance.

The award agreements evidencing stock options and restricted stock awards issued to our non-employee directors provide for the acceleration of vesting and exercisability of all company stock options and restricted stock awards held by the director upon the completion of a change in control.

Compensation Policies Applicable to Non-Employee Directors

Annual Limits on Director Compensation

We have adopted annual limits on the amount of compensation that any individual non-employee director may receive for service on our board of directors. Under the 2021 Equity Incentive Plan, the sum of any cash compensation, other compensation and equity awards granted to a non-employee director as compensation for services on our board during any fiscal year may not exceed \$500,000 (or \$700,000 for the director's initial year of service). The board of directors may make exceptions to this limit in extraordinary circumstances, provided that the director receiving the additional compensation may not participate in the decision to award such additional compensation.

Stock Ownership Guidelines for Non-Employee Directors

Our board of directors has adopted stock ownership guidelines for our non-employee directors. Pursuant to

the guidelines in effect during fiscal year 2022, each non-employee director was expected to own shares of the company's common stock with a market value of no less than five times his or her current annual cash retainer for serving as a member of the board of directors, exclusive of chairperson, committee or meeting fees, within (a) five years of the board's original adoption of the plan on August 6, 2013, or (b) five years of the date on which such person was appointed to the board. The company determines progress toward meeting the applicable ownership thresholds and ongoing compliance with the guidelines on the last day of each fiscal year. The table below shows each non-employee director's equity ownership in the company as a multiple of his or her cash retainer and the minimum ownership level required of the guidelines in effect on April 30, 2022 pursuant to these guidelines for each of our current non-employee directors, as of April 30, 2022.

2. Ms. Lewis was appointed as a director on August 10, 2022. She has until August 10, 2027 to satisfy the minimum ownership level required under our stock ownership guidelines.

Post-Vesting Stock Retention Guidelines

The company has adopted post-vesting stock retention guidelines, which require non-employee directors to hold 50% of net after-tax shares issued upon the vesting of equity awards until their required stock ownership levels are achieved.

Insider Trading and Anti-Hedging and Anti-Pledging Policies

The company's insider trading policies contain stringent restrictions on transactions in company stock by non-employee directors. All trades by non-employee directors must be pre-cleared. Furthermore, no member of our board of directors may use any

strategies or products (including derivative securities, such as put or call options, or short-selling techniques) to hedge against potential changes in the value of our common stock. Additionally, no non-employee director may pledge shares of our stock as collateral for a loan or hold any shares of our common stock in a margin account.

Stock ownership and retention guidelines and anti-hedging and anti-pledging policies for our executive officers, including Mr. Nawabi, are described below under "Executive Compensation and Other Information—Compensation Discussion and Analysis—Stock Ownership Guidelines for Executive Officers."

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Exchange Act requires that our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, file reports of ownership and changes in ownership with the SEC. Officers, directors and greater-than-ten percent stockholders are required by SEC regulations to furnish us with all Section 16(a) forms they file. Based solely on our review of the copies of the forms received by us and written representations from certain reporting persons that they have complied with

the relevant filing requirements, we believe that, during the fiscal year ended April 30, 2022, all of our officers, directors and greater-than-ten percent stockholders complied with all Section 16(a) filing requirements, except for one Statement of Changes in Beneficial Ownership on Form 4, reporting four transactions, was filed late by Tim Conner. This late filing, which was filed one day late, was due to an administrative error on the part of the company.

Compensation Committee Report

The Compensation Committee of our board of directors is primarily responsible for determining the annual salaries and other compensation of our executive officers and administering our equity compensation plans. The Compensation Committee has reviewed and discussed with management the following Compensation Discussion and Analysis of the 2022 proxy statement. Based on such review and discussions, the Compensation Committee recommended to the board that the Compensation Discussion and Analysis be included in our annual report filed on Form 10-K and this proxy statement.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the material components of our executive compensation program for:

- Wahid Nawabi, our President and Chief Executive Officer;
- Kevin McDonnell, our Senior Vice President and Chief Financial Officer;
- Kenneth Karklin, our former Senior Vice President and Chief Operating Officer (Mr. Karklin's employment with the company ended effective April 22, 2022);
- Melissa Brown, our Vice President, General Counsel, Chief Compliance Officer and Corporate Secretary; and

- Alison Roelke, our former Vice President and Chief People Officer (Ms. Roelke's employment with the company ended effective May 12, 2022).

We refer to these executive officers collectively in this Compensation Discussion and Analysis as the "Named Executive Officers." Specifically, this Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program, and each compensation component that we provide. In addition, we explain how and why the Compensation Committee arrived at specific compensation policies and decisions involving our Named Executive Officers during fiscal year 2022.

Executive Summary

Our executive compensation program is designed to support our business goals and objectives by providing a link between the total compensation for our executive officers, including the Named Executive Officers, and the creation of long-term stockholder value. The Compensation Committee reviews our executive compensation program on an annual basis to ensure that it is consistent with such objectives. In line with this philosophy, compensation awarded to our Named Executive Officers for fiscal year 2022 reflected our financial and strategic results and overall compensation philosophy.

Key Performance Indicators During Fiscal Year 2022

For fiscal year 2022, revenue, operating income and annual bookings were the financial metrics used by the Compensation Committee to evaluate our financial performance under the company's executive compensation program. Our consolidated performance for fiscal year 2022 for these metrics, relative to fiscal year 2021 consolidated performance, is reflected in the table below.

Financial Measure	Fiscal Year 2022 (\$, in millions)	Fiscal Year 2021 (\$, in millions)	Increase (decrease) (%)
Revenue	445.7	394.9	11.9
Operating Income (Loss)	(9.9)	43.3	(122.9)
Annual Bookings ¹	430.5	351.8	22.4

1. Annual bookings are firm orders for products and services for which funding has been appropriated to us under the contract by the customer and which was fully executed during the fiscal year. Annual bookings excludes the value of the unfunded portion on order amounts under cost-reimbursable and fixed price contracts such as (i) multiple one-year options, and indefinite delivery, indefinite quantity, or IDIQ contracts, or (ii) incremental funded contracts.

For fiscal year 2022, we also included an Environmental, Social & Governance ("ESG") component to our fiscal year 2022 bonus program to further our ESG priorities.

Based on our performance relative to the metrics established by our Compensation Committee for annual bonus plan purposes in fiscal year 2022, our Named Executive Officers received payouts of their annual cash bonuses significantly below target amounts.

✓ Limited perquisites	X No single-trigger for change in control situations under our Severance Plan
✓ Retention of independent compensation consultant	X No excise tax gross-up payments upon a termination after a change in control
✓ Annual risk assessment of compensation practices	X No repricing or exchange of “underwater” stock options without stockholder approval
✓ Stock ownership guidelines requiring ownership of company stock by our Chief Executive Officer of 4x his base salary and by other Named Executive Officers of 2x their base salaries	X No minimum guaranteed vesting for performance-based equity awards
✓ Post-vesting stock retention guidelines requiring Named Executive Officers to hold 50% of net after-tax shares issued upon the vesting of equity awards until their required stock ownership levels are achieved	

Key Fiscal Year 2022 Compensation Determinations

During fiscal year 2022, the Compensation Committee made the following compensation decisions:

- *Base Salary Increases:* For fiscal year 2022, our Named Executive Officers received base salary increases intended to bring the base salaries of our executives closer to the median of our peer group data for their positions.
- *Continued Emphasis on Performance-Based Compensation:* In fiscal year 2022, the Compensation Committee continued its practice of awarding the majority of total target compensation to the Named Executive Officers in the form of performance-based compensation. This emphasis on performance-based compensation is intended to align executive compensation with stockholder interests.
- *Below Target Annual Bonus Payouts for Fiscal Year 2022.* As noted above, for fiscal year 2022, our executive annual cash bonus plan was tied primarily to the achievement of pre-established financial objectives related to revenue, operating income and

annual bookings for such period. We also had an ESG component to our bonus plan which we fully achieved during the fiscal year. As described below in further detail, we achieved 78.2%, 0%, and 71.9% of target achievement with respect to our revenue, operating income and annual booking objectives, respectively, which resulted in our Named Executive Officers receiving \$0 under the company’s executive officer bonus plan with respect to these metrics. Based on our performance for fiscal year 2022, each of our Named Executive Officers participating in the company’s executive officer bonus plan received an annual performance bonus equal to 5% of his or her targeted bonus amount.

- *Continued Use of Long-Term Incentive Compensation Program.* The company’s long-term incentive compensation program consists of a mix of performance-based restricted stock unit awards (“RSUs”), which vest based on the company’s achievement of specified financial metrics over a three-year performance period, and restricted stock awards, which vest in equal annual installments over a three-year vesting period. If the financial metrics associated with payouts are earned, the RSUs will

settle in fully-vested shares of our common stock. In July 2021, the Compensation Committee granted time-based restricted stock awards and PRSUs to the Named Executive Officers with specified financial objectives for the cumulative three-year performance cycle comprising fiscal years 2022, 2023 and 2024.

- *Below Target Payouts under PRSUs for Fiscal Year 2020-Fiscal Year 2022 Performance Period.* In June 2021, the Compensation Committee determined that the PRSUs for the three-year performance period comprising fiscal years 2020-2022 would be paid out at 34.4% of the applicable target for such awards based on the company's financial performance over the performance period and our achievement relative to the financial metrics associated with such awards for the performance period.

Objectives of Our Executive Compensation Program

Our executive compensation program is designed to support our business goals and objectives by providing a link between the total compensation opportunities for our executive officers, including the Named Executive Officers, and the creation of long-term stockholder value. Specifically, our executive compensation program is designed to:

- Attract, motivate and retain superior talent;
- Ensure that compensation is commensurate with the company's performance and stockholder returns;
- Provide performance awards for the achievement of financial and strategic objectives that are important to our long-term growth; and
- Ensure that our executive officers have financial incentives to achieve growth in stockholder value.

Our compensation program is designed to achieve these objectives through a combination of the following types of compensation: base salary; annual cash incentive bonus awards; performance-based restricted stock units that will settle in fully-vested shares of common stock for multi-year performance periods, restricted stock awards subject to time-based vesting over a multi-year period; and other employee benefits. Each of these compensation components serve our interests in different ways and together represent a comprehensive pay package that can reward both the short-term and long-term performance of the company and each individual Named Executive Officer. A majority of the compensation provided to the Named Executive Officers is based on our performance, which helps align the interests of our executive officers with those of stockholders in achieving long-term financial

goals for our company. Each element of our executive compensation program is discussed in greater detail below.

The Compensation Committee does not affirmatively set out in any given year, or with respect to any given executive, to apportion compensation in any specific ratio among the various categories of compensation (i.e., cash and non-cash compensation, between short-term and long-term compensation, or between non-performance-based and performance-based compensation). Rather, the Compensation Committee uses the principles described above, and the factors described for each category in the discussion that follows, as a guide in assessing the proper allocation among those categories.

Compensation-Setting Process

The Compensation Committee is responsible for overseeing our executive compensation program, as well as determining and approving the ongoing compensation arrangements for our executive officers, including the non-CEO Named Executive Officers. The Compensation Committee reviews and recommends for approval to our full board of directors the compensation of our President and Chief Executive Officer.

Generally, annual base salary adjustments for our executive officers are determined within the first quarter of each fiscal year. Annual cash bonus payouts are made within 75 days of our fiscal year end to synchronize award determinations with the conclusion of our fiscal year and the review of fiscal year financial results. Historically, long-term incentive awards have been made at the discretion of the Compensation Committee. Compensation adjustments in connection with changes in duties and/or other material changes in the primary assumptions forming the basis of a compensation decision will continue to be made as required by circumstances throughout the fiscal year.

Role of Our Chief Executive Officer

Typically, our Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of our executive officers (except with respect to his own compensation), including base salary levels, target annual cash bonus opportunities, long-term incentive performance compensation levels and equity awards, with the assistance of our human resources and finance departments. Our Chief Executive Officer also provides recommendations for the corporate financial objectives used in our annual cash bonus plan and long-term incentive compensation program. He supports his recommendations with competitive market data developed by our people and culture department, with

EXECUTIVE COMPENSATION AND OTHER INFORMATION

information provided by the Compensation Committee's independent compensation consultant, and by reviewing the historical performance of each executive officer with the Compensation Committee. Although the Compensation Committee carefully considers the recommendations of our Chief Executive Officer when determining the compensation of our executive officers, it bases its decisions on the collective judgment of its members after considering the input of its independent compensation consultant and any relevant supporting data.

While our Chief Executive Officer generally attends meetings of the Compensation Committee, the committee meets outside the presence of our Chief Executive Officer when discussing his compensation.

Decisions regarding executive officers' compensation are generally made by the Compensation Committee, subject to the approval of our board of directors.

The Compensation Committee may delegate and grant authority to our Chief Executive Officer and/or a committee of executive officers to grant option awards under the company's equity incentive plan to the employees holding positions below the level of Vice President.

Role of Compensation Consultant

The Compensation Committee is authorized to retain the services of executive compensation advisors, as it sees fit, in connection with its oversight of our executive compensation program. In fiscal year 2022, the Compensation Committee engaged Pay Governance, a national compensation consulting firm, to provide executive compensation advisory services, including an executive officer compensation assessment.

The Compensation Committee considered the independence of Pay Governance consistent with the requirements of Nasdaq. Further, as required under Item 407(e)(3) of Regulation S-K, the Compensation Committee conducted a conflicts of interest assessment and determined that there is no conflict of interest resulting from retaining Pay Governance. The Compensation Committee intends to reassess the independence of its compensation advisors at least annually.

Competitive Market Data

Each year, the Compensation Committee reviews the executive compensation practices of a group of companies in relevant industry sectors determined to be comparable to us based on their business size and public company status. In May 2021, with the assistance of Pay Governance, the Compensation Committee approved the following group of peer companies to include in a competitive market analysis

of executive officer compensation for the company's fiscal year 2022:

ADTRAN, Inc.
Aerojet Rocketdyne Holdings, Inc.
Ambarella, Inc.
Astronics Corporation
Axon Enterprise, Inc.
Casa Systems, Inc.
Ducommun Incorporated
EchoStar Corporation
FLIR Systems, Inc.
iRobot Corporation
Kaman Corporation
Kratos Defense & Security Solutions, Inc.
Mercury Systems, Inc.
nLIGHT, Inc.
QinetiQ Group plc

On advice from Pay Governance, the Compensation Committee approved this updated peer group reflecting changes to the fiscal year 2021 peer group to take into account the company's larger size and scope as a result of the Company's acquisitions of Arcturus UAV, Inc., Telerob GmbH and the Intelligent Systems Group of Progeny Corporation. At the time of the selection of the peer group, the company was close to the peer group 50th percentile in terms of market capitalization and somewhat below the peer group median in terms of revenue. The specific companies were from relevant industries and within a range of company scope (primarily revenue and market capitalization) that we believe is appropriate for benchmarking executive compensation. The Compensation Committee reviews the peer group each year to ensure the group is sufficiently robust to produce meaningful compensation data for executive compensation evaluation purposes. We believe the peer group includes companies with which we compete for business, executive talent and/or investment dollars.

After identifying our peer group, the Compensation Committee's independent compensation consultant conducts a compensation survey of the peer group to assess the competitiveness of our compensation programs. Where proxy data is not available, survey data for companies of comparable scope to the company are used.

We believe that by utilizing publicly available peer group data, we are able to develop an appropriate set of competitive data for use in making compensation decisions. The Compensation Committee uses the information derived from this review in two ways: to assist it in determining the appropriate level and reasonableness of total compensation, as well as each separate component of compensation, for our

executive officers and to ensure that the compensation we offer to them is competitive and fair.

The Compensation Committee does not establish compensation levels based directly on benchmarking, although, it does target a Named Executive Officer's overall target compensation to the market median. The Compensation Committee relies on the judgment of its members in making compensation decisions regarding base salaries, target bonus levels and long-term equity incentive awards. In addition to competitive market data, in making its compensation decisions, the Compensation Committee also considers an executive officer's position, tenure with the company, individual and organizational performance, our retention needs, and internal pay equity. The Compensation Committee does not guarantee that any executive will receive a specific market-derived compensation level.

Executive Compensation Program Components

The following describes each component of our executive compensation program, the rationale for each, and how compensation amounts are determined.

Base Salary

We use base salaries to provide our executive officers, including the Named Executive Officers, with a fixed amount of compensation for their regular work. The Compensation Committee generally reviews the base salaries of our executive officers at the beginning of each fiscal year, as well as in connection with promotions or other changes in responsibilities. Base salary adjustments generally go into effect within the first quarter of each fiscal year. Base salary adjustments are based on an evaluation of peer company data provided by the Compensation Committee's independent compensation consultant, an executive officer's position, tenure with our company, experience with other companies, individual and organizational performance, our retention needs, and internal pay equity.

The Compensation Committee has adopted a general approach of compensating our executive officers with base salaries commensurate with the experience and expertise of the individual executive and competitive with the median base salaries of executives holding comparable positions among our peer group. The Compensation Committee will take into account the base salaries of comparable executives in our peer group in setting base salaries for our executive officers and may approve increases in base salaries of the relevant executive officers to move them closer to the median of our peer group data for their positions,

although such approved base salaries may remain below the median.

In light of the considerations discussed above, for fiscal year 2022, the Compensation Committee increased the base salaries of our Named Executive Officers as follows:

Named Executive Officer	2022 Salary (\$)	Increase Over 2021 (%)
Wahid Nawabi	750,000	19.1
Kevin McDonnell	450,000	12.5
Kenneth Karklin ¹	450,000	12.5
Melissa Brown	400,000	17.7
Alison Roelke ²	310,000	14.8

1. Mr. Karklin's employment with the company ceased effective April 22, 2022.
2. Ms. Roelke's employment with the company ceased effective May 12, 2022.

We believe that the base salaries paid to our Named Executive Officers during fiscal year 2022 helped to achieve our executive compensation objectives and are competitive with the salaries of the executives holding comparable positions based on the competitive market data provided by Pay Governance based on our peer group.

Annual Cash Bonuses

We believe that a significant portion of overall target compensation of our executive officers, including the Named Executive Officers, should be "at risk" (that is, contingent upon the successful implementation of our annual operating plan). Annual cash bonuses represent a portion of this "at risk" compensation. We use these annual cash bonus opportunities to motivate our executive officers to achieve our short-term financial imperatives and our ESG priorities while making progress toward our longer-term growth and other goals.

At the end of the fiscal year, the Compensation Committee determines whether to pay cash bonuses to our executive officers, including the Named Executive Officers, based on our financial results relative to the corporate financial objectives established by the Compensation Committee at the beginning of the relevant fiscal year and such other factors as the Compensation Committee may determine in its discretion.

Setting Target Bonus Levels

Initially, the Compensation Committee establishes a "target bonus level" for each non-CEO executive officer and recommends for approval to the board a "target bonus level" for our President and Chief Executive

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Officer. In setting and recommending these target bonus levels, the Compensation Committee considers the cash compensation of executives holding comparable positions based on the competitive market data provided by its independent compensation consultant based on our peer group. Generally, the Compensation Committee sets and recommends the target bonus levels so that, assuming achievement of the corporate financial objectives and the ESG component at targeted levels, total annual cash compensation will be competitive with the market median and when above target performance occurs, total cash compensation will be above the median of total cash compensation level of executives holding comparable positions based on the competitive market

data provided by its independent compensation consultant based on our peer group. The Compensation Committee believes that this approach is consistent with the high level of growth generally reflected in the corporate performance objectives applicable to the annual bonus determinations.

For fiscal year 2022, the Compensation Committee established the target bonus levels for the Named Executive Officers at the levels indicated in the table below, except for the President and Chief Executive Officer whose target bonus level was recommended by the Compensation Committee and established by the board:

Named Executive Officer	Target Bonus Level	Percentage of Base Salary
Wahid Nawabi	\$750,000	100.0%
Kevin McDonnell	\$315,000	70.0%
Kenneth Karklin	\$315,000	70.0%
Melissa Brown	\$240,000	60.0%
Alison Roelke	\$170,500	55.0%

Establishing Performance Measures

At the beginning of each fiscal year, the Compensation Committee identifies one or more corporate financial performance measures and establishes a specific performance target level for each such measure for purposes of calculating the bonus for each executive officer. Threshold, target and maximum levels of performance are established for each corporate financial performance measure. In the event that the threshold performance level for any corporate financial performance measure is not met, then no credit will be given with respect to the portion of the annual bonus attributable to that corporate financial performance measure. For fiscal year 2022, in addition to establishing corporate financial performance measures, the Compensation Committee determined to establish an ESG metric for purposes of calculating the bonus payable to each executive officer, as described in more detail below.

Reviewing Performance Results

At the end of the fiscal year, the Compensation Committee reviews our actual performance against the target levels set for each of the corporate financial performance measures established at the beginning of the year. The Compensation Committee also reviewed the achievement of the pre-established performance

metric for the ESG component, which for fiscal year 2022 required a specified portion of the company's employees to complete unconscious bias training.

In no event may an executive officer's annual cash bonus payout exceed his or her maximum permissible bonus as established by the Compensation Committee.

Fiscal Year 2022 Bonuses.

The Compensation Committee selected revenue, operating income and annual bookings as the corporate financial performance measures for the annual bonus plan for our executives based on the recommendation of our Chief Executive Officer and after reviewing the company's annual operating plan for fiscal year 2022 and the company's long-term strategic plan. In order for any bonus to be paid tied to the corporate financial metrics, the company was required to achieve the pre-determined thresholds for both revenue and operating income. The targeted corporate financial goal for revenue was above the range of public guidance provided by the company for revenue at the beginning of fiscal year 2021. The Compensation Committee weighted the three financial performance goals as follows for the total potential bonus payout: 15% for annual bookings; 40% for revenue; and 40% for operating income.

Weighting for Fiscal 2022 Annual Bonus Plan Goals

	Weighting
Revenue	40%
Operating Income	40%
Annual Bookings	15%
ESG Performance Goal	5%

The Compensation Committee implemented a formulaic sliding scale for the corporate financial performance goals that provides for a 0% payout for the target bonus amount tied to such goals if we do not meet established minimum levels for both revenue and operating income (but not annual bookings) and for a 200% of target payout if we achieve maximum performance under each of the three financial performance metrics as set forth in the table below and fully achieve the ESG performance goal. Therefore, in order to receive any bonus payout on the financial metrics portion of the bonus, we were required to achieve both the minimum revenue and operating income levels (but not the minimum level for annual bookings) established by the Compensation Committee for the bonus plan. The ESG performance metric represented 5% of the total potential bonus payout for fiscal year 2022 and the achievement and payout was not tied to the achievement of the financial metrics.

Below are the corporate financial performance goals established by the Compensation Committee for each Named Executive Officer in June 2021:

Scaled Adjustment of Target Annual Cash Bonus Amounts Based on Total Financial Performance

	Minimum	Target (100% Payout)	Superior (150% Payout)	Maximum (200% Payout)
	(\$ in millions)			
Revenue	513.0	570.0	712.5	855.1
Operating Income	21.6	43.1	53.9	64.7
Annual Bookings	538.8	598.7	748.4	898.1

Below is the actual performance with respect to each goal compared to the target level for each of these goals established by the Compensation Committee for each Named Executive Officer in June 2021:

Percentage of Achievement of Performance Goals

Performance Goal	Performance Goal Target (\$ in millions)	Actual Performance (\$ in millions)	Percentage of Achievement	Payout Percentage	Weighting	Weighted Payout Percentage
Revenue	570.0	445.7	78.2%	0.0%	15.0%	0.0%
Operating Income (loss)	43.1	(9.9)	0.0%	0.0%	40.0%	0.0%
Annual Bookings	598.7	430.5	71.9%	0.0%	40.0%	0.0%

Based on the company's achievement relative to the corporate performance goals, our executive officers who participated in our executive annual bonus plan received a total payout of 5% of their fiscal 2022 target bonus, which represented the full achievement of the ESG performance metric under the fiscal year 2022 bonus plan.

Long-Term Incentive Compensation

We use equity awards to motivate our executive officers, including the Named Executive Officers, to increase the long-term value of our common stock and, thereby, to align the interests of our executive officers with those of our stockholders. These equity awards are intended to further our success by ensuring that sustainable value creation is a key factor in our executive officers' management of our business.

The size and form of these equity awards is determined by the Compensation Committee in its discretion. As described below, we grant equity awards in the form of restricted stock and PRSUs to our Named Executive Officers as part of our long-term incentive compensation program. We use the restricted stock and PRSUs as long-term incentives because they reward our executive officers for superior financial performance, but also encourage executive retention as these awards vest over multiple years and can maintain value even during periods when there is volatility in our stock price.

In making equity awards to our executive officers, the Compensation Committee considers various factors, including, but not limited to, the recommendations of our Chief Executive Officer, the role and responsibilities

EXECUTIVE COMPENSATION AND OTHER INFORMATION

of the executive officer, past performance, future planned contributions, and prior equity awards.

As noted above, the Compensation Committee has the discretion to determine which executive officers will receive equity awards, as well as the amount of any such awards. Typically, the Compensation Committee approves equity award grants only on the dates of its regularly-scheduled committee meetings, without regard to the timing of the release of material information about us.

Each year, the Compensation Committee will set a total long-term incentive compensation amount for each Named Executive Officer, with the percentage allocation between time-based and performance-based awards determined by the Compensation Committee. In setting these total long-term incentive compensation amounts and the financial metric achievement levels for the PRSUs, the Compensation Committee considers the overall compensation of executives holding comparable positions based on the competitive market data provided by its independent compensation consultant based on our peer group.

Generally, the Compensation Committee will set the annual total award amount so that, assuming the full vesting of each restricted stock award and target vesting for the PRSU for the applicable performance period, the total compensation for our Named Executive Officers would be comparable with similarly situated executives at the companies in our peer group.

The Compensation Committee may also grant equity awards to our executive officers in connection with a commencement of employment, promotion or as special incentives where appropriate, in which case the percentage allocations of the awards granted to an executive officer may vary from those listed below for our annual long-term incentive award program. No promotional or special incentive awards were granted in fiscal 2022.

The program consists of a mix of the following:

- **Performance-based Restricted Stock Unit Awards ("PRSUs")** (Approximately 65% of Annual Total Long-Term Incentive Compensation Award Value): PRSUs will vest, if at all, based on the company's achievement of financial performance metrics established by the Compensation Committee at the time of grant. These metrics are established for a cumulative three-year period. At the time of grant, the Compensation Committee establishes a target achievement level for each of the financial performance metrics associated with the PRSU, at which level the PRSU would vest at 100% for such metric. The Compensation Committee also established a threshold achievement level for each

metric for which the PRSU would vest at 50% of target for such metric and a maximum achievement level for which the PRSU would vest at 250% of target for such metric. Achievement below the threshold level of any financial metric would result in no payout for the portion of the PRSU tied to that financial metric. At the end of the applicable three-year performance period and the Compensation Committee's certification of the company's achievement percentage for each financial measure associated with the PRSU, the award will vest and fully-vested shares of the company's common stock will be issued based on the achievement of the financial metrics. A Named Executive Officer is required to be employed on the last day of the applicable three-year performance period in order to be eligible to receive such awards following the Compensation Committee's certification of the company's achievement of such awards.

- In the event of a change in control prior to the last day of the three-year performance period, the number of PRSUs in which a Named Executive Officer will be eligible to vest will be equal to the greater of (1) the target number of PRSUs or (2) the number of PRSUs that would vest if the performance period ended on the date of the change in control and performance was measured as of that date (with the performance objectives adjusted proportionately to reflect the hypothetical shortened performance period). These "vesting eligible" PRSUs will then convert to time-based awards that will vest on the last day of the performance period, subject to the Named Executive Officer's continued employment or service through such date. However, if a Named Executive Officer's employment is terminated by us other than for cause or by the Named Executive Officer for good reason, in each case within 18 months following a change in control, all of the "vesting eligible" PRSUs will vest upon such termination.
- **Time-Based Restricted Stock Awards** (Approximately 35% of Annual Total Long-Term Incentive Compensation Award Value): Restricted stock awards will vest in three annual equal installments beginning approximately one year after the date of grant.

Performance-based Restricted Stock Unit Awards for the FY2022-FY2024 Performance Period. In July 2021, the Compensation Committee granted PRSUs to the Named Executive Officers. The PRSUs will vest based on the company's achievement of cumulative revenue and non-GAAP adjusted operating profit targets for fiscal years 2022, 2023 and 2024 (such period of time is referred to as the FY2022-FY2024 Performance Period). Adjusted operating profit is defined as operating income less acquisition-related

deal and integration costs, intangible amortization expenses and expenses resulting from any accruals related to settlement of litigation with Webasto Charging Systems. Set forth below is a list of the Named Executive Officers who were granted PRSUs for the FY2022-FY2024 Performance Period, the target number of PRSUs and the maximum number of PRSUs subject to each such award. The terms of these awards are consistent with the terms of the PRSUs described above.

Time-Based Restricted Stock Awards. Under our long-term incentive compensation program, in

July 2021, the Compensation Committee issued time-based restricted stock awards to our Named Executive Officers. The restricted stock awards vest in three equal annual installments with the first vesting on July 11, 2022. Set forth below is a list of the Named Executive Officers who were issued restricted stock awards in July 2021 and the number of shares underlying such awards. Restricted stock awards granted in connection with a commencement of employment, promotion or other special circumstances may have different vesting terms.

July 2021 Long-Term Incentive Compensation Awards to the Named Executive Officers

1. Mr. Karklin's employment with the company ceased effective April 22, 2022. These awards were forfeited as of such date.

2. Ms. Roelke's employment with the company ceased effective May 12, 2022. These awards were forfeited as of such date.

For these awards, the Compensation Committee allocated approximately 65% of the total long-term incentive compensation amounts for each Named Executive Officer to the PRSU performance-based awards.

Payout of Performance-based Restricted Stock Units for the FY2020-FY2022 Performance Period. Following the completion of fiscal year 2022, the Compensation Committee calculated the company's three-year cumulative revenue and operating income for the FY2020-2022 performance period by adding the company's revenue and operating income from continuing operations for fiscal years 2020-2022. Based on these calculations, the Compensation

Committee determined that the FY2020-2022 Performance Period PRSUs vested at 34.4% of target based on our financial performance for the FY2020-2022 Performance Period. Below is the actual performance with respect to the revenue and operating income from operations compared to the target levels for each of these financial metrics established by the Compensation Committee in June 2019 for the PRSUs for the FY2020-2022 Performance Period.

Percentage of Achievement of Financial Metrics for FY2020-2022 Performance Period

Other Compensation Practices

Employee Benefit Plans

We maintain various broad-based employee benefit plans for our employees. Except as described below, our executive officers, including the Named Executive Officers, participate in these plans on the same terms as other eligible employees, subject to any applicable limits on the amounts that may be contributed on behalf of or paid to our executive officers under these plans.

We have established a tax-qualified 401(k) retirement savings plan for our salaried U.S. employees who satisfy certain eligibility requirements. We intend for this plan to qualify under Section 401(a) of the Internal Revenue Code (the "Code") so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan. Pursuant to the 401(k) plan, in the case of participants who contribute a portion of their annual base salary to the plan, we provide a matching contribution of up to 5.75% of such annual base salary. The matching contributions made to the accounts of the Named Executive Officers during fiscal year 2022 are set forth in the Summary Compensation Table below.

We also maintain other benefit plans for our employees, which include medical and dental benefits, medical and dependent care flexible spending accounts, long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage. Except as noted in the following sentences, these benefits are provided to our executive officers on the same general terms as to all of our salaried U.S. employees. Certain employees receive higher disability insurance benefits than other employees based on a threshold base compensation level. Our executive officers, including the Named Executive Officers, receive higher life, accidental death, and dismemberment insurance benefits than our other employees.

We design our employee benefit programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices.

We adjust our employee benefit programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Perquisites and Personal Benefits

We do not view perquisites or other personal benefits as a significant component of our executive compensation program. From time to time, however, we have provided perquisites to certain of our executive officers to ensure that their compensation packages are competitive. As described above, in fiscal year 2022, we provided our executive officers with life, accidental death, and dismemberment insurance benefits in an amount exceeding that offered to our non-executive employees. We also pay for travel and hospitality for family members of executives to accompany such officers to an offsite board meeting. We also paid for the cost of home security systems monitoring for Ms. Brown. We also provided tuition reimbursement during 2022 for Mr. McDonnell.

None of our Named Executive Officers received aggregate perquisites in excess of \$10,000 in fiscal year 2022.

Severance Plan

We maintain the AeroVironment, Inc. Executive Severance Plan (the "Severance Plan"). Each of our Named Executive Officers is subject to the Severance Plan, which provides for the payment of certain benefits to the officer in connection with a change in control and/or the termination of the officer's employment.

The Compensation Committee approved the Severance Plan to ensure our Named Executive Officers continue their employment with us if there is a change of control, or a threatened change in control transaction, and to maintain a competitive total compensation program. Pay Governance LLC, the Compensation Committee's independent compensation consultant, advised the Compensation Committee on market and best practices in the development of the Severance Plan, including providing information regarding plans in place for executives at companies in our peer group at the time of the Severance Plan's adoption. The Severance Plan has a double trigger mechanism pursuant to which

benefits are paid if the officer is terminated by the company without cause or the officer voluntarily terminates his or her employment for good reason within 18 months following a change in control event, or in certain circumstances, within 3 months prior to a change in control event. The Severance Plan also provides for the provision of certain severance benefits if an officer's employment is terminated by the company other than for cause during their eligibility under the Severance Plan and not in connection with a change of control transaction. For additional information on our Severance Plan, see below on page 58 under "Severance Plan."

Stock Ownership Guidelines for Executive Officers

To further link the long-term economic interests of our executive officers directly to that of our stockholders, our board of directors has adopted stock ownership

guidelines for the executive officers. The guidelines provide that the company's executive officers are expected to, within five years of the later of the date of the board's adoption of the guidelines on August 6, 2013 or the date on which such person is appointed to his or her position, own shares of the company's common stock with a market value of no less than four times current annual base salary with respect to our Chief Executive Officer and no less than two times current annual base salary with respect to the other executive officers. The company determines progress toward meeting the applicable ownership thresholds and ongoing compliance with the guidelines on the last day of each fiscal year. The table below shows each executive's equity ownership in the company as a multiple of salary and the minimum ownership level required pursuant to these guidelines for each of our current executive officers as of April 30, 2022:

Name	Dollar Value of Equity Ownership as a Multiple of Base Salary (\$) ¹	Minimum Ownership Level Required as a Multiple of Base Salary
Wahid Nawabi	8.5x	4x
Kevin McDonnell ²	0.3x	2x
Melissa Brown ³	1.2x	2x
Alison Roelke ⁴	0.3x	2x

1. For each executive, calculated by dividing (a) the sum of (1) the aggregate number of shares of vested and unrestricted common stock held by such executive, multiplied by the closing price of \$80.32 per share of our common stock on April 29, 2022, the last trading day of fiscal year 2022, plus (2) the amount by which the market value of the shares of common stock underlying vested stock options held by such executive exceeds the exercise price of such stock options, if any, by (b) such executive's base salary.
2. Mr. McDonnell was appointed as our Chief Financial Officer effective February 10, 2020. He has until February 10, 2025 to satisfy the minimum ownership level required under our stock ownership guidelines.
3. Ms. Brown was appointed as an executive officer on September 28, 2017. She has until September 28, 2022 to satisfy the minimum ownership level required under our stock ownership guidelines.
4. Ms. Roelke's employment with the company ended on May 12, 2022.

Compensation Recovery Policy

We have implemented an incentive compensation "clawback" policy under which our board of directors may require reimbursement or forfeiture of incentive compensation from an executive officer in the event the officer's wrongdoing later is determined by our board of directors to have resulted in a material negative restatement of the company's financial results. We believe that by providing the company with the appropriate power to recover incentive compensation paid to an executive officer in this situation, the company further demonstrates its commitment to strong corporate governance. This compensation recovery policy is in addition to any policies or recovery rights that are provided under applicable laws, including the Sarbanes-Oxley Act and the Dodd-Frank Act.

Under our compensation recovery policy, if the board of directors determines that a material negative financial

restatement was caused by an executive officer's gross negligence or willful misconduct, it may require reimbursement from the executive officer for vested incentive compensation and/or the forfeiture of unvested or unpaid incentive compensation. The amount of vested compensation that may be recovered is the portion of any bonus paid to, and any performance-based equity awards earned by, the executive officer that the executive officer would not have received if the company's financial results had been reported properly. The right to cause a forfeiture or recovery of incentive compensation applies to incentive compensation awarded, vested and/or paid during the two years prior to the date on which the company is required to prepare an accounting restatement.

Post-Vesting Stock Retention Guidelines

The company has adopted post-vesting stock retention guidelines, which require executives to hold

EXECUTIVE COMPENSATION AND OTHER INFORMATION

50% of any net after-tax shares issued upon the vesting of equity awards until their required stock ownership levels are achieved.

Insider Trading and Anti-Hedging and Anti-Pledging Policies

The company's insider trading policies contain stringent restrictions on transactions in company stock by executive officers. All trades by executive officers must be pre-cleared. Furthermore, no executive officer may use any strategies or products (including derivative securities, such as put or call options, or short-selling techniques) to hedge against potential changes in the value of our common stock. Additionally, executive officers may not pledge company stock as collateral or hold any shares of company stock in a margin account.

No Tax Gross-Ups

We do not provide tax gross-ups with regard to any compensation, benefit or perquisite paid by us to our Named Executive Officers.

Independent Compensation Consultant

With regard to executive compensation matters, the Compensation Committee is advised by Pay Governance, its independent compensation consultant.

Say-on-Pay Votes

In September 2021, we held a stockholder advisory vote on the compensation of our Named Executive Officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our Named Executive Officers, with over 98% of stockholder votes cast in favor of our 2021 say-on-pay resolution (excluding abstentions and broker non-votes). As we have evaluated our compensation practices and talent needs since that time and during fiscal year 2022, we were mindful of the strong support our stockholders expressed for our compensation program. As a result, following our annual review of our executive compensation program, the Compensation Committee decided to generally retain our existing approach to executive compensation for our continuing executives, with an emphasis on short- and long-term incentive compensation that rewards our senior executives when they deliver value for our stockholders, and continue the practice first established during fiscal year 2019 of removing individual performance from consideration under our annual bonus plan. At this 2022 annual meeting of stockholders, the stockholders will vote, on a non-binding advisory basis, on the compensation of our Named Executive Officers. The Compensation Committee and board of directors value stockholder opinions and will take into account the outcome of this

year's advisory vote in making future decisions on executive compensation.

In addition, when determining how often to hold a stockholder advisory vote on the compensation of our Named Executive Officers, the board of directors took into account the strong preference for an annual vote expressed by our stockholders at our 2017 annual meeting. Accordingly, in 2017 the board of directors determined that we would hold an advisory stockholder vote on the compensation of our Named Executive Officers every year until the next say-on-pay frequency vote.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Code disallows a tax deduction to any publicly held corporation for any remuneration in excess of \$1 million paid in any taxable year to its "covered employees."

The Compensation Committee believes that stockholder interests are best served by not restricting the Compensation Committee's discretion and flexibility in constructing compensation programs, even though such programs may result in certain non-deductible compensation expenses. Accordingly, the Compensation Committee reserves the right to approve elements of compensation for certain officers that are not fully deductible in the future in appropriate circumstances.

Taxation of "Parachute" Payments

Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that we, or our successor, may forfeit a deduction on the amounts subject to this additional tax. We did not provide any executive officer, including any Named Executive Officer, with a "gross-up" or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999 of the Code during fiscal year 2021 and we have not agreed and are not otherwise obligated to provide any Named Executive Officer with such a "gross-up" or other reimbursement.

Accounting for Stock-Based Compensation

We follow Financial Accounting Standards Board Accounting Standards Codification Topic 718, or ASC Topic 718, for our stock-based compensation awards. ASC Topic 718 requires companies to calculate the

grant date “fair value” of their stock-based awards using a variety of assumptions. This calculation is performed for accounting purposes and reported in the compensation tables below, even though recipients may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Risk Oversight of Compensation Programs

In February 2022, Pay Governance conducted a risk assessment of our executive compensation policies and practices. Based on this assessment, Pay Governance concluded that none of our executive compensation programs and features are likely to cause material adverse harm to the company. Our compensation policies and practices for the rest of our employees does not differ significantly from the compensation policies and practices of our non-executive employees and management assessed such non-executive programs and similarly concluded that none of our non-executive compensation programs are likely to cause material harm to the company. We believe that our compensation programs have been appropriately designed to attract and retain talent and properly incent our employees while ensuring that they do not encourage excessive risk taking. We further believe that we have an effective system of controls and procedures in place to ensure that our employees, including our executive officers, are not encouraged to take unnecessary or excessive risks in managing our business. In addition, our compensation recovery policy provides our board of directors with an additional risk mitigation tool by allowing the board to hold employees accountable for improper actions that run counter to the company’s objectives or inflate incentive compensation payable to executives. Likewise, our stock ownership guidelines for executives help to

further align executive interests with those of stockholders and provide an additional risk mitigation tool.

In reaching this conclusion, we note the following policies and practices that are intended to enable us to effectively monitor and manage the risks associated with our compensation programs:

- Most of our incentive compensation plans, including our annual cash bonus program, permit the Compensation Committee to exercise its discretion to select performance measures and set target levels, monitor performance and determine final payouts;
- Each of our compensation programs is subject to oversight by a broad-based group of functions within the company, including people & culture, finance and legal, and at multiple management levels within the company;
- Employee compensation reflects a balanced mix of programs that focus our employees on achieving both short-term and long-term goals and that provide a balanced mix of fixed and variable compensation;
- There are caps on the maximum payouts available under certain programs, including our annual cash bonus program and our long-term incentive program;
- Amounts of actual cash bonuses tied to performance are paid based upon multiple performance objectives, reducing the risk associated with any single indicator of performance; and
- Equity awards granted to employees are subject to multi-year, service-based and/or performance-based vesting conditions.

The Compensation Committee discussed the findings of the risk assessments with Pay Governance and company management. Based upon these assessments, we believe that our compensation policies and practices do not encourage unnecessary or excessive risk taking and are not reasonably likely to have a material adverse effect on the company.

1. For all years except fiscal year 2022, this column reflects the discretionary portion of the cash bonuses paid to the Named Executive Officers under our annual executive cash bonus plan during the applicable fiscal year. For fiscal year 2020, the amount also includes a special bonus of \$2,500 that was given to all similarly situated company employees employed as of the end of the applicable fiscal year.

2. The value of the stock awards equals their grant date fair value as computed in accordance with ASC Topic 718 and, with respect to the PRSUs, was determined based on the probable achievement of the applicable performance objectives as of the grant date. For additional information regarding the valuation assumptions used in the calculation of these amounts, refer to Notes 14 and 15 to the financial statements included in our annual report on Form 10-K for our fiscal year ended April 30, 2022, as filed with the SEC. The amounts shown in the table do not necessarily reflect the actual value that may be received by the Named Executive Officers. The value reported for PRSUs granted in the applicable fiscal year reflects the value of the award at the grant date based upon the probable achievement of their vesting conditions, which was determined to be 101.2%, 50.0%, and 97.6% of the target levels for the fiscal year 2022, fiscal year 2021, and fiscal year 2020 awards, respectively.

The full grant date fair value of the PRSUs granted in our 2022 fiscal year, assuming that the highest level of performance will be achieved in each case, is set forth in the table immediately below. For more information about the PRSU awards granted to the Named Executive Officers during fiscal year 2022, please see the Grants of Plan Based Awards Tables below.

1. Represents number of shares of common stock issuable at threshold, target and maximum achievement levels for each of the Named Executive Officers under PRSUs for the FY2022-FY2024 Performance Period (issued on July 2, 2021). 2. The value of the stock awards equals their grant date fair value as computed in accordance with ASC Topic 718 and, with respect to the PRSUs, was determined based on the probable achievement of the applicable performance objectives as of the grant date. For additional information regarding the valuation assumptions used in the calculation of these amounts, refer to Notes 14 and 15 to the financial statements included in our annual report on Form 10 K for our fiscal year ended 2022, as filed with the SEC. The value reported for PRSUs granted in July 2021 reflects the value of the award at the grant date based upon the probable achievement of their vesting conditions, which was determined to be 101.2%.
3. Awards were approved by the Compensation Committee for non-CEO Named Executive Officers on June 16, 2021, with a grant date of July 2, 2021. Awards were approved by the board for the Chief Executive Officer on June 17, 2021, with a grant date of July 2, 2021.

6. Ms. Roelke's employment with the company ended effective May 12, 2022. Ms. Roelke's equity awards were forfeited and cancelled upon the end of her employment.
7. Unless otherwise noted, the Compensation Committee established maximum cash bonus and target bonus levels for the Named Executive Officers under our annual executive cash bonus plan in June 2021. The determination of the bonuses payable to the Named Executive Officers for fiscal year 2022 is described in the "Compensation Discussion and Analysis" section above. These columns show the range of bonus amounts for each Named Executive Officer from the threshold to the maximum based on the maximum permissible bonus amount set at the beginning of the fiscal year.

Provided that the performance goals for the FY2021-2023 Performance Period and the FY2022-2024 Performance Period are achieved, the Named Executive Officers' PRSUs will be settled in fully vested shares of common stock. If target or maximum performance is achieved for either performance period, the respective number of shares of common stock that would be issued for each performance period and the value of such shares as of April 30, 2022 would be as follows:

1. Unless otherwise noted, includes shares of restricted stock that vested during fiscal year 2022 and shares issued for the vesting of the PRSUs for the FY2020-FY2022 Performance Period that vested on June 29, 2022, which awards were settled on such date following the Compensation Committee's certification of company financial performance for the FY2020-FY2022 Performance Period; see page 47 for information on such awards. The value of such PRSUs was calculated using the closing price per share of our common stock of \$80.32, the closing price of our common stock on April 30, 2022, the date on which such awards were deemed vested for purposes of this table. The closing price per share of our common stock on June 29, 2022, the date of settlement of the PRSUs, was \$77.96.
2. Mr. McDonnell was not a Named Executive Officer of the company when the PRSUs for the FY2020-FY2022 Performance Period were granted. Thus, Mr. McDonnell was not awarded any PRSUs for such period and the shares acquired and value realized upon vesting does not include the vesting of any PRSUs.
3. Mr. Karklin's employment with the company ended effective April 22, 2021 and his PRSUs for the FY2020-FY2022 Performance Period were forfeited on such date due to termination of employment prior to the completion of the applicable performance period. Thus, Mr. Karklin's PRSUs for such period did not vest and the shares acquired and value realized upon vesting does not include the vesting of any PRSUs for the FY2020-2022 Performance Period.

Payments Upon Termination or Change of Control

Severance Plan

On December 19, 2018, we adopted the AeroVironment, Inc. Executive Severance Plan (the “Severance Plan”), effective January 1, 2019. The Severance Plan was implemented to replace the company’s prior severance protection agreements with its Named Executive Officers, which agreements expired on December 31, 2018. The Compensation Committee relied upon an analysis of severance practices for our peer companies provided by Pay Governance in determining the terms of the new Severance Plan.

Each of our Named Executive Officers is subject to the Severance Plan. The Severance Plan provides for the payment of certain benefits to each such officer in connection with a change in control and/or the termination of the officer’s employment by reason of death or “disability,” by the company without “cause,” or by the officer for “good reason,” in certain cases in connection with a “change in control” (in each case as defined in the Severance Plan), as summarized below. Except as noted below, the terms of the severance payments and other benefits provided to each of the company’s Named Executive Officers under the Severance Plan are identical, and the Severance Plan does not provide for a gross-up of severance benefits in the event that excise taxes under Section 280G of the Internal Revenue Code of 1986, as amended.

The terms of the Severance Plan are as follows:

- (a) Upon termination of the officer’s employment by the company without cause, and in the event there is no change in control of the company within 3 months after or 18 months before termination of the officer’s employment, the officer is entitled to receive: (i) 1.0x the sum of his or her base salary and annual target bonus for the fiscal year in which termination occurs or for the previous fiscal year if the annual target bonus for the fiscal year has not yet been set (1.5x for the company’s Chief Executive Officer), (ii) a prorated target bonus for the fiscal year in which termination occurs, and (iii) the continuation of certain employee welfare plan benefits, including for his or her dependents and beneficiaries, for a period of 12 months following the termination date or until the officer becomes eligible for equivalent benefits from a subsequent employer.
- (b) Upon termination of the officer’s employment by the company without cause or by the officer for good reason within 3 months before a change in control, the officer is entitled to receive: (i) 1.5x the sum of his or her base salary and annual target bonus for the fiscal year in which termination occurs or for the previous fiscal year if the annual target bonus for the fiscal year has not yet been set (2.5x for the company’s Chief Executive Officer), (ii) a prorated target bonus for the fiscal year in which termination occurs, (iii) acceleration of vesting and exercisability of restricted stock awards and options, (iv) the continuation of certain employee welfare plan benefits, including for his or her dependents and beneficiaries, for a period of 12 months following the termination date or until the officer becomes eligible for equivalent benefits from a subsequent employer, and (v) outplacement services for a period of 12 months following the termination date or until the first acceptance by the officer of an offer of employment, whichever comes first.
- (c) Upon termination of the officer’s employment by the company without cause or by the officer for good reason within 18 months after a change in control, the officer is entitled to receive: (i) 1.5x the sum of his or her base salary and annual target bonus for the fiscal year in which termination occurs or for the previous fiscal year if the annual target bonus for the fiscal year has not yet been set (2.5x for the company’s Chief Executive Officer), (ii) a prorated target bonus for the fiscal year in which termination occurs, (iii) acceleration of vesting and exercisability of restricted stock awards and options, (iv) vesting of any performance-based restricted stock units still eligible to vest, (v) the continuation of certain employee welfare plan benefits, including for his or her dependents and beneficiaries, for a period of 12 months following the termination date or until the officer becomes eligible for equivalent benefits from a subsequent employer, and (vi) outplacement services for a period of 12 months following the termination date or until the first acceptance by the officer of an offer of employment, whichever comes first.
- (d) If the officer’s employment is terminated by reason of the officer’s death or disability: (i) 1.0x the sum of his or her base salary and annual target bonus for the fiscal year in which termination occurs or for the previous fiscal year if the annual target bonus for the fiscal year has not yet been set (1.5x for the company’s Chief Executive Officer), (ii) a prorated target bonus for the fiscal year in which termination occurs, and (iii) the continuation of certain employee welfare plan benefits, including for his or her dependents and beneficiaries,

for a period of 12 months following the termination date or until the officer becomes eligible for equivalent benefits from a subsequent employer.

To receive the severance benefits described above, the officer must execute a full release of any and all claims against the company and comply with certain other obligations specified in the Severance Plan.

For purposes of the Severance Plan, “change in control” of the company generally means, subject to certain exceptions, (a) the consummation of a reorganization, merger, or consolidation or sale or other disposition of all or substantially all of the company’s assets unless all or substantially all the beneficial owners prior to such transaction immediately own more than 50% of the combined outstanding voting power of the entity resulting from the transaction; (b) individuals who at the beginning of any two year period constitute the company’s board of directors cease for any reason to constitute at least a majority of the board of directors; (c) the acquisition by any person of beneficial ownership of 30% or more of the outstanding voting power of the company; or (d) the approval by the company’s stockholders of a complete liquidation or dissolution of the company.

For purposes of the Severance Plan, “good reason” means, unless defined in an officer’s offer letter or other applicable employment agreement, (a) (i) any material adverse change in an officer’s authority, duties, or responsibilities (including reporting responsibilities) from such officer’s authority, duties, and responsibilities as in effect at any time within three months preceding the date of a change in control or at any time thereafter, or (ii) if such officer is an executive officer of the company a significant portion of whose responsibilities relate to the company’s status as a public company, such officer’s failure to continue to serve as an executive officer of a public company, in each case except in connection with the termination of such officer’s employment for disability, for cause, death, or by the officer other than for good reason; (b) a material reduction in base salary; (c) the imposition of a requirement that an officer be based at any place outside a 60-mile radius from his or her principal place of employment immediately prior to a change in control except for reasonably required travel on company business that is not materially greater in frequency or duration than prior to the change in control; or (d) any material breach by the company of the Severance Plan or of any applicable employment agreement. In order to terminate for good reason, an officer must (a) reasonably determine in good faith that a good reason condition has occurred; (b) notify the company in writing of the occurrence of the condition within 90 days; (c) cooperate in good faith with the company’s efforts, for a period of not less than 30 days following such notice, to remedy the condition (after which time the condition still exists); and (d) terminate employment within 60 days after that remedy period.

For purposes of the Severance Plan, “cause” means, unless defined in an officer’s offer letter or other applicable employment agreement, (a) being convicted for committing an act of fraud, embezzlement, theft, or other act constituting a felony (other than traffic-related offenses or as a result of vicarious liability); (b) willfully engaging in illegal conduct or gross misconduct that would (i) adversely affect the business or the reputation of the company or any of its affiliates with their respective current or prospective customers, suppliers, lenders, or other third parties with whom such entity does or might do business or (ii) expose the company or any of its affiliates to a risk of civil or criminal legal damages, liabilities, or penalties; however, no act or failure to act on the officer’s part will be considered “willful” unless done or omitted to be done by such officer not in good faith and without reasonable belief that such officer’s action or omission was in the best interest of the company; or (c) an officer’s failing to perform his or her duties in a reasonably satisfactory manner after the receipt of a notice from the company detailing such failure if the failure is incapable of cure, and if the failure is capable of cure, upon the failure to cure such failure within 30 days of such notice or upon its recurrence.

EXECUTIVE COMPENSATION TABLES

Potential Payments Upon Termination or Change in Control*Summary of Potential Payments Upon Termination (As of April 30, 2022)*

The table below sets forth the estimated payments to be made to each Named Executive Officer under the Severance Plan in the event of the officer's involuntary termination by the company without cause or termination by reason of death or disability, in each case not within the change in control protection period provided in the Severance Plan. The following table assumes that such termination occurred on April 30, 2022.

Name	Cash Severance ¹ (\$)	Benefits Continuation ² (\$)	Total (\$)
Wahid Nawabi	3,000,000	28,832	3,028,832
Kevin McDonnell	1,080,000	28,832	1,108,832
Melissa Brown	880,000	12,466	892,466
Alison Roelke	651,000	28,499	679,499

1. Cash severance was calculated using the base salary in effect for each officer on April 30, 2022, the target annual bonus for each officer for fiscal year 2022 plus a pro rata annual bonus equal to the target annual bonus for fiscal year 2022.
2. The benefit continuation payment is based on premium costs as of April 30, 2022.

Summary of Potential Payments Upon Change in Control (As of April 30, 2022)

The table below sets forth the estimated payments to be made to each Named Executive Officer under the Severance Plan in the event of the officer's involuntary termination by the company without cause or the officer's voluntary termination for good reason within 3 months prior to or 18 months after a change in control. The following table assumes that such termination, and a corresponding change in control, occurred on April 30, 2022.

Name	Cash Severance ¹ (\$)	Benefits Continuation ² (\$)	In-the-Money Value of Accelerated Stock Options (\$)	Value of Accelerated Restricted Stock Awards ³ (\$)	Other Benefits	Total Value of Change-in-Control Related Benefits (\$)
					Value of Accelerated Performance Restricted Stock Unit Awards ⁴ (\$)	
Wahid Nawabi	4,500,000	28,832	—	1,516,442	2,741,482	8,786,756
Kevin McDonnell	1,462,500	28,832	—	617,982	872,275	2,981,590
Melissa Brown	1,200,000	12,466	—	252,928	450,676	1,916,069
Alison Roelke	891,250	28,499	—	145,620	240,960	1,306,329

1. Cash severance was calculated using the base salary in effect for each officer on April 30, 2022, the target bonus for each officer for fiscal year 2022 and a pro rata annual bonus equal to the target annual bonus for fiscal year 2022.
2. The benefit continuation payment is based on premium costs as of April 30, 2022. The benefits continuation column excludes outplacement benefits which we are not able to quantify at this time. We expect the amount of outplacement benefits to be immaterial.
3. Amounts in respect of restricted stock awards were determined by multiplying the number of restricted stock awards that would have vested upon such employment termination by \$80.32, the closing price of our common stock on April 29, 2022, the last trading day of our fiscal year 2022.
4. Amounts in this column would only be triggered in the event of a qualifying termination of employment within 18 months after a change in control. Amounts in respect of restricted stock unit awards were determined by multiplying the target number of shares of common stock underlying such restricted stock units that would have vested upon such employment termination by \$80.32, the closing price of our common stock on April 29, 2022. In the event of a change in control prior to the last date of the applicable three-year performance period, the number of PRSUs that will be eligible to vest will be equal to the greater of (1) the target number of PRSUs or (2) the number of PRSUs that would vest if the performance period ended on the date of the change in control and performance was measured as of that date (with the performance objectives adjusted proportionately to reflect the hypothetical shortened performance period). These "vesting eligible" PRSUs will then convert to time-based awards that will vest on the last day of the performance period, subject to the Named Executive Officer's continued employment or service through such date. However, if a Named Executive Officer's employment is terminated by us other than for cause or by the Named Executive Officer for good reason, in each case within 18 months following a change in control, all of the "vesting eligible" PRSUs will vest upon such termination. For purposes of the table, amounts in respect of PRSUs were determined by multiplying the target

number of shares of common stock underlying such PRSUs that would have vested upon such employment termination by \$80.32, the closing price of our common stock on April 30, 2022. Includes amounts for vesting of PRSUs for the FY2021-FY2023 Performance Period and the FY2022-FY2024 Performance Period. Excludes PRSUs for the FY2020-FY2022 Performance Period, which would vest according to their terms based on the company's actual performance for the applicable performance period.

Fiscal Year 2022 Pay Ratio

Under the Dodd-Frank Act, we are required to disclose the ratio of the total annual compensation of our CEO to that of our median employee. The SEC rules promulgated pursuant to the Dodd-Frank Act require disclosure of the median of the annual total compensation of all of the company's employees, excluding our CEO; the annual total compensation of our CEO; and the ratio of the amount of our CEO's annual compensation to the amount of the median employee's annual total compensation.

We selected April 30, 2022, the last day of our most recently completed fiscal year, as the date upon which our median employee for fiscal year 2022 was identified. In our analysis to identify the median employee, we included all employees employed as of April 30, 2022, excluding our CEO and 91 employees of our Telerob GmbH subsidiary, which was acquired by us in May 2021. We identified the median employee based on the sum of regular and overtime wages paid for fiscal year 2022 and the bonus paid pursuant to the company's fiscal year 2022 bonus program. The company did not annualize the compensation of any employees hired during fiscal year 2022.

Using the compiled data, we determined that the fiscal year 2022 annual total compensation of our median employee was \$103,146 and that Mr. Nawabi's annual total compensation for fiscal year 2022 was \$3,524,268, both of which were calculated in accordance with Item 402(c) of Regulation S-K. The ratio of these amounts was 34.2:1.

The Audit Committee of our board of directors serves as the representative of the board for general oversight of our financial accounting and reporting, systems of internal control, audit process, and monitoring compliance with laws and regulations and standards of business conduct. The Audit Committee is made up solely of independent directors, as defined in the applicable SEC and Nasdaq rules, and operates under a written charter adopted by the board. The composition of the Audit Committee, the attributes of its members and its responsibilities, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. Management has responsibility for preparing our financial statements, as well as for our financial reporting process. Deloitte & Touche LLP, acting as our independent registered public accounting firm for the fiscal year ending April 30, 2022, is responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles in the United States. The Audit Committee periodically met with Deloitte & Touche LLP, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm.

In this context, the Audit Committee hereby reports as follows:

- (1) The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended April 30, 2022 with management.
- (2) The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed with the independent registered public accounting firm by Auditing Standard No. 1301, "Communication with Audit Committees", as adopted by the Public Company Accounting Oversight Board.
- (3) The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with such firm its independence from the company.

Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the board of directors, and the board has approved, that the audited financial statements be included in our annual report on Form 10-K for the fiscal year ended April 30, 2022, for filing with the SEC.

PROPOSAL 2. RATIFICATION OF SELECTION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our board of directors has selected Deloitte & Touche LLP to serve as our independent registered public accounting firm for the fiscal year ending April 30, 2023. Deloitte & Touche LLP served as our independent registered public accounting firm for the fiscal year ended April 30, 2022.

The services provided to us by Deloitte & Touche LLP for the last fiscal year is described under the caption "Audit-Related Matters — Fees Paid to Independent Auditors" below. Stockholder approval of the selection of Deloitte & Touche LLP as our independent registered public accounting firm is not required. Our board believes that obtaining stockholder ratification of the selection of Deloitte & Touche LLP is a sound governance practice. If the stockholders do not vote on an advisory basis in favor of Deloitte & Touche LLP, the Audit Committee will reconsider whether to hire the firm and may retain Deloitte & Touche LLP or hire another firm without resubmitting the matter for stockholder approval. The Audit Committee retains the discretion at any time to appoint a different independent registered public accounting firm.

Representatives of Deloitte & Touche LLP are expected to be available at the annual meeting to respond to appropriate questions and to make a statement if they desire.

**THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE
"FOR" THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE
FISCAL YEAR ENDING APRIL 30, 2023.**

Fees Paid to Independent Auditors

We engaged Deloitte & Touche, LLP as our independent registered public accounting firm for the fiscal year ended April 30, 2022, and to perform procedures related to the financial statements included in our quarterly reports on Form 10-Q. Our Audit Committee approved the engagement of Deloitte & Touche, LLP for such fiscal year. The following table shows the fees for audit and other services provided by Deloitte & Touche LLP for the fiscal year ended April 30, 2021 and fiscal year ended April 30, 2022.

	FY2022 Fees	FY2021 Fees
Audit Fees	\$2,052,940,	\$739,624
Audit-Related Fees	—	39,571
Tax Fees	—	—
All Other Fees	1,895	1,895
Total	\$2,054,835	\$781,090

Audit Fees. This category includes fees associated with our annual audit and the audit of internal control over financial reporting, the review of the company's quarterly reports on Form 10-Q and statutory audits required internationally.

Audit-Related Fees. This category includes fees for services that are reasonably related to the performance of the audit or review of financial statements but are not included in "Audit Fees."

Tax Fees. This category consists of fees for tax advice, planning and compliance principally in connection with the preparation of our tax returns and assistance with governmental tax audits.

All Other Fees. This category consists of fees for services that are not included in the above categories and primarily includes fees for obtaining access to an online accounting research tool.

Audit fees increased 178% largely as a result of acquisitions that occurred in late fiscal year 2021 and fiscal year 2022, including non-recurring acquisition related audit fees.

Pre-Approval Policy of the Audit Committee

Our Audit Committee has established a policy that generally requires that all audit and permissible non-audit services provided by our independent registered public accounting firm be pre-approved by the Audit Committee, or a designated Audit Committee member. These services may include audit services, audit-related services, tax services and other services. All permissible non-audit services provided by our independent registered public accounting firm have been pre-approved by the Audit Committee or a designated Audit Committee member. Our Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the accountants' independence and determined that it is consistent with such independence.

PROPOSAL 3. NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our stockholders with the opportunity to cast a non-binding advisory vote on the compensation of our Named Executive Officers. This advisory vote on executive compensation, commonly known as “Say-on-Pay,” is advisory in nature, and it is not binding on us or our board of directors. This vote provides our stockholders with the opportunity to express their view on our 2022 executive compensation programs and policies for such officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. Although the vote is non-binding, our Compensation Committee and board of directors value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions.

As described more fully in the Compensation Discussion and Analysis section of this proxy statement, our executive compensation program is designed to attract, retain and motivate individuals with superior ability, experience and leadership capability to deliver on our annual and long-term business objectives necessary to create long-term stockholder value. We urge stockholders to read the Compensation Discussion and Analysis section of this proxy statement, which describes in detail how our executive compensation policies and procedures operate and are intended to operate in the future. The Compensation Committee and the board of directors believe that our executive compensation program fulfills these goals.

Our executive compensation practice is governed by policies and practices that are in line with industry practices and stockholder interests. Examples of such policies and practices include:

- Majority of total potential compensation paid to executives based on our financial performance;
- Clawback policy for the recovery of incentive compensation of executive officers;
- Anti-hedging, anti-pledging and anti-short sale policies for executives;
- Limited perquisites;
- No executive pensions;
- Retention of independent compensation consultant;
- Annual risk assessment of compensation practices;
- No employment agreements with executive officers;
- No repricing or exchange of “underwater” stock options without stockholder approval;
- No minimum guaranteed vesting for performance-based equity awards;
- Stock ownership guidelines requiring ownership of company stock by our Chief Executive Officer of 4x his base salary and by other Named Executive Officers of 2x their base salaries;
- Post-vesting stock retention guidelines requiring Named Executive Officers to hold 50% of net after-tax shares, if any, issued upon the vesting of equity awards until their required stock ownership levels are achieved; and
- Double-trigger provisions for change in control situations in our Severance Plan, and no excise tax gross-up payments upon a termination after a change in control.

PROPOSAL 3. ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are asking our stockholders to indicate their support for the compensation of our Named Executive Officers as described in this proxy statement. Accordingly, we ask that our stockholders vote “FOR” the following resolution:

“RESOLVED, that AeroVironment, Inc.’s stockholders approve, on a non-binding advisory basis, the compensation of the Named Executive Officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and the other related tables and disclosure.”

Recommendation of the Board

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

Stockholders may submit questions and comments in advance or during the meeting. You can ask questions once you log in or when the meeting begins by clicking on the “ask a question” icon on the top of your screen. The rules of procedure will be posted on the virtual meeting web portal. If we receive substantially similar questions, we will group such questions together and provide a single response to avoid repetition.

Beneficial Owners: Shares Registered in the Name of a Broker or Bank

If your shares are registered in the name of your broker, bank or other agent, you are the “beneficial owner” of those shares and those shares are considered as held in “street name.” If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than directly from us. To vote in person at the virtual annual meeting, you must first obtain a valid legal proxy from your broker, bank or other agent and then register in advance to attend the annual meeting. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a legal proxy form.

After obtaining a valid legal proxy from your broker, bank or other agent, to then register to attend the annual meeting, you must submit proof of your legal proxy reflecting the number of your shares along with your name and email address to American Stock Transfer & Trust Company, LLC. Requests for registration should be directed to proxy@astfinancial.com or to facsimile number 718-765-8730. Written requests can be mailed to:

You may attend the Annual Meeting and vote your shares at <https://web.lumiagm.com/216888245> during the meeting. Please log in with your 11-digit voter control number issued by AST and the password for the meeting is AVAV2022 (case sensitive). Follow the instructions provided to vote. We encourage you to access the meeting prior to the start time leaving ample time for the check in.

What is the quorum requirement for holding the annual meeting?

A majority of the outstanding shares of common stock, present in person or represented by proxy, will constitute a quorum at the annual meeting. Abstentions will be counted as shares present for purposes of determining the presence of a quorum for the transaction of business.

Who can vote?

Holders of record of common stock at the close of business on August 2, 2022 will be entitled to vote at the annual meeting. Each share of common stock will be entitled to one vote on all matters properly brought before the meeting. On August 2, 2022, the record date for the annual meeting, there were 24,990,590 shares of common stock outstanding. There are no other voting securities of the company outstanding.

What is the difference between holding shares as a holder of record and as a beneficial owner?

If at the close of business on August 2, 2022, the record date for the annual meeting, your shares were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and the proxy materials, as applicable, are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares in your account. If you do not provide voting instructions to your broker or bank, such organization will need to determine whether it has the discretionary authority to vote your shares on any matter to be considered at the annual meeting.

Under applicable rules, your bank or broker has discretionary authority to vote your shares on the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending April 30, 2023 without receiving instructions from you. Therefore, your broker or bank will be able to vote on this matter if you do not provide voting instructions to such organization. Your bank or broker does not have discretionary authority to vote your shares without receiving instructions from you on any of the other proposals. Accordingly, if you do not give instructions to your custodian, your shares will not be voted with respect to these matters because the bank or brokerage firm will not have authority to vote them on your behalf.

Banks and brokers are not permitted to vote your shares with respect to the election of directors or the advisory vote on the compensation of our Named Executive Officers without your instructions as to how to vote. Please instruct your broker how to vote your shares using the voting instruction form provided by your broker.

How do I vote my shares?

You may vote your shares using one of the following methods:

- **Over the internet.** If you have access to the internet, by submitting the proxy following the instructions included on your proxy card for voting over the internet.
- **By telephone.** You can vote by calling a toll-free telephone number listed on the proxy card. Please refer to your proxy card for instructions on voting by phone.
- **By mail.** You may vote your shares by completing, signing and mailing the proxy card included with your proxy materials. Please refer to your proxy card for instructions on voting by mail.
- **Virtually at the annual meeting.** Stockholders are invited to virtually attend the annual meeting and vote online during the annual meeting. If you are a beneficial owner of shares, please refer to the voting instructions provided from your brokerage firm, bank, dealer or other similar organization.

A control number, located on the instruction sheet attached to the proxy card, is designated to verify your identity and allow you to vote your shares and confirm that your voting instructions have been recorded properly. If you vote via the internet or by telephone, there is no need to return a signed proxy card. However, you may still vote by proxy by using the proxy card.

Can I change my vote?

Yes. You may revoke the proxy at any time prior to its use by:

- delivering a written notice to the Corporate Secretary of the company, mailed to the company's office at 241 18th Street South, Suite 415, Arlington, VA 22202;

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

- executing and submitting a later-dated proxy;
- re-voting your shares by telephone or on the internet; or
- attending the annual meeting and voting electronically during the annual meeting.

Only the latest validly executed proxy that you submit will be counted.

What vote is required to approve each of the proposals?

- **Proposal 1 — Election of directors:** Directors will be elected on a majority vote standard basis, meaning that each of the three nominees must receive a majority of the total votes cast with respect to such nominee's election (i.e. the number of votes cast "for" a nominee's election exceeds the number of votes cast "against" that nominee's election) to be elected as a director. Our Corporate Governance Guidelines, require, following any stockholder meeting at which directors are subject to an uncontested election, any incumbent director who fails to receive a majority of votes cast at the meeting to submit, promptly after the final certification of the election results, a letter of resignation to the board of directors for consideration by the Nominating and Corporate Governance Committee of the Board. The Nominating and Corporate Governance Committee shall consider the offer of resignation and recommend to the board of directors whether to accept or reject the resignation, or whether other action should be taken. Abstentions will be counted as present for the purposes of this vote but are not counted as votes cast. Broker non-votes will not be counted as present and are not entitled to vote on this proposal.
- **Proposal 2 — Ratification of selection of independent registered public accounting firm:** Approval of this proposal requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting. Abstentions will be counted as present for purposes of this vote and will have the effect of a vote against the proposal. Brokers have discretionary authority to vote your shares on this proposal without receiving instructions from you.
- **Proposal 3 — Non-binding advisory vote on the compensation of our Named Executive Officers:** Approval of this proposal requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the annual meeting. Abstentions will have the same effect as a vote against this proposal. Broker non-votes will not be counted as present and are not entitled to vote on the proposal.

What are the recommendations of the board of directors?

The board of directors recommends that you vote your shares on your proxy card:

- **FOR** the election of the directors nominated herein;
- **FOR** the proposal to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending April 30, 2023; and
- **FOR** the proposal to approve the compensation of our Named Executive Officers on a non-binding advisory basis.

What if I do not specify how I want my shares to be voted?

If you are the record holder of your shares and do not specify on your proxy card (or when giving your proxy by telephone or the internet) how you want to vote your shares, your shares will be voted:

- **FOR** the election of directors nominated herein;
- **FOR** the proposal to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending April 30, 2023;
- **FOR** the approval of the advisory vote to approve the compensation of our Named Executive Officers; and with respect to any other business that may properly come before the annual meeting or any adjournments or postponements thereof, in accordance with the best judgment of the designated proxy holders.

If you are a beneficial owner of shares and do not specify to the organization that holds your shares how you want to vote, such organization may only vote your shares on "routine" matters. The only routine matter to be voted upon at this annual meeting is the ratification of the selection of Deloitte & Touche LLP as our independent registered public

accounting firm for the fiscal year ending April 30, 2023. Therefore, if you do not provide instructions to the record holder on how you want to vote, your shares may not be voted on the election of directors or the proposal to approve, on a non-binding advisory basis, the compensation of our Named Executive Officers. If your shares are held of record by a bank, broker or other nominee, we urge you to give instructions to your bank, broker or other nominee as to how you wish your shares to be voted so you may participate in the stockholder voting on these important matters.

Is cumulative voting allowed for the election of directors?

No. You may not cumulate your votes for the election of directors.

What is the effect of an “ABSTAIN” vote?

Abstentions are considered to be present and entitled to vote with respect to each relevant proposal, but will not be considered a vote cast with respect to that proposal. Therefore, an abstention will effectively be a vote against each of the proposals, except for the election of directors.

What is a “broker non-vote”?

A “broker non-vote” occurs when a beneficial owner of shares held by a broker, bank or other nominee fails to provide the record holder with voting instructions on any “non-routine” matters brought to a vote at a stockholder meeting.

Under applicable rules, “non-routine” matters include the election of directors and the proposal for the advisory vote on the compensation of our Named Executive Officers. As such, a broker may not vote your shares with respect to the election of directors or other non-routine matters without your instructions. If your shares are held of record by a bank, broker or other nominee, we urge you to give instructions to your bank, broker or other nominee as to how you wish your shares to be voted so you may participate in the stockholder voting on these important matters.

When will the company announce the voting results?

We will announce preliminary voting results at the annual meeting. Final official results will be provided in a current report on Form 8-K filed with the SEC within four business days of the meeting (which will be available at www.sec.gov and www.avinc.com).

How are the proxies solicited and what is the cost?

We will bear the expense of soliciting proxies. Our directors, officers and other employees may solicit proxies in person, by telephone, by mail or by other means of communication, but such persons will not be specially compensated for such services. We may also reimburse brokers, banks, custodians, nominees and other fiduciaries for their reasonable charges and expenses in connection with the distribution of proxy materials.

What is householding?

Some brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our proxy statement and annual report may have been sent to multiple stockholders in a stockholder’s household. Additionally, you may have notified us that multiple stockholders share an address and thus you requested to receive only one copy of our proxy statement and annual report. We will promptly deliver a separate copy of either document to any stockholder who contacts our investor relations department at (805) 520-8350 x4278, via <https://investor.avinc.com/contact-us> or by mail addressed to Investor Relations, AeroVironment, Inc., 241 18th Street South, Suite 415, Arlington, VA 22202, requesting such copies. If a stockholder is receiving multiple copies of our proxy statement and annual report at the stockholder’s household and would like to receive a single copy of the proxy statement and annual report for a stockholder’s household in the future, stockholders should contact their broker, or other nominee record holder to request mailing of a single copy of the proxy statement and annual report. Stockholders receiving multiple copies of these documents directly from us, and who would like to receive single copies in the future, should contact our investor relations department at the address above to make such a request.

How do I submit a proposal for action at next year's annual meeting?

Stockholder Proposals for Inclusion in Next Year's Proxy Statement. Stockholders may submit proposals on matters appropriate for stockholder action at meetings of our stockholders in accordance with Rule 14a-8 promulgated under the Exchange Act. To be eligible for inclusion in the proxy statement relating to our 2023 annual meeting of stockholders, proposals of stockholders must be received at our principal executive offices no later than April 10, 2023 (120 calendar days prior to the anniversary of the date of the proxy statement for our 2022 annual meeting was first released to stockholders) and must otherwise satisfy the conditions established by the SEC for stockholder proposals to be included in the proxy statement for that meeting. However, in the event that the date of our 2023 annual meeting is more than 30 days before or after the anniversary of our 2022 annual meeting, a stockholder proposal will be timely if received at our principal executive offices a reasonable time before we begin to print and send our proxy materials for the 2023 meeting.

Stockholder Proposals for Presentation at Next Year's Annual Meeting. If a stockholder wishes to present a proposal, including a director nomination, at our 2023 annual meeting of stockholders and the proposal is not intended to be included in our proxy statement relating to that meeting, the stockholder must give advance notice in writing to our Corporate Secretary prior to the deadline for such meeting determined in accordance with our bylaws. Our bylaws require notice with respect to the 2023 annual meeting between May 26, 2023 (120 calendar days prior to the anniversary of our 2022 annual meeting) and June 25, 2022 (90 calendar days prior to the anniversary of our 2022 annual meeting). However, in the event that the date of the 2022 annual meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary of the 2022 annual meeting, notice by the stockholder must be received no earlier than the close of business on the 120th day prior to the 2023 annual meeting and no later than the close of business on the later of (1) the 90th day prior to the 2023 annual meeting or (2) the 10th day following the earlier of (a) the day on which notice of the 2023 annual meeting was mailed or (b) the date on which public announcement of the date of the 2023 annual meeting is first made by the company. If a stockholder fails to give timely notice of a proposal, the stockholder will not be permitted to present the proposal to the stockholders for a vote at our 2023 annual meeting. In addition, our bylaws include other requirements for nomination of candidates for director and proposals of other business.

Could any additional proposals be raised at the 2022 annual meeting of stockholders?

The board of directors knows of no other matters to come before the meeting. Should any unanticipated business properly come before the meeting, the persons named in the enclosed proxy will vote in accordance with their best judgment. The accompanying proxy confers discretionary authority to such persons to vote on any unanticipated matters.

It is important that proxies be returned promptly. Stockholders are urged to date and sign the proxy and return it promptly in the accompanying envelope, or to vote via the internet or by calling the toll-free number as instructed on the proxy card.

If stockholders have any questions or require any assistance with voting your shares, please contact the company's corporate secretary.
