### About AeroVironment, Inc. (AV)

AV is a technology solutions provider that designs, develops, produces and supports an advanced portfolio of Unmanned Aircraft Systems (UAS) and electric transportation solutions. Agencies of the U.S. Department of Defense and allied military services use the company's battery-powered, hand-launched unmanned aircraft systems extensively to provide situational awareness to tactical operating units through real-time, airborne reconnaissance, surveillance and communication. AV's comprehensive EV charging solutions include EV home charging, public charging, fast charging, data collection, grid-integrated communications and complete installation, training and support services for consumers, automakers, utilities, government agencies and businesses. AV's industrial fast charging systems support more than 15,000 electric materials handling vehicles in mission-critical supply chains for Fortune 500 enterprises. AV's power cycling and test systems provide EV developers and EV battery manufacturers with market-leading simulation and cycling capabilities.
